Student Name: _____
Observer: _____
Date: _____

Student Behavior Observation (SBO)

Directions: Student must be observed in at least two (2) sessions (AM & PM) for @ 30 minutes. Indicate your start time and work in 3-minute intervals, then check the boxes that match your observation. At the conclusion of the observation, add the checks for each column. You will want to check back on the Behavior Profile generated by the classroom teacher for comparison and next steps.

Teacher Generated Target Behavior (from the Behavior Profile): _____
