Re: Schedule of Financial Assistance and Schedule of Expenditures of Federal Awards

Dear Members of the Board of Education:

The Schedule of Financial Assistance ("SFA") of The School District of Philadelphia ("School District") for the Fiscal Year ended June 30, 2019, which includes the Schedule of Expenditures of Federal Awards ("SEFA"), is submitted herewith. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the Federal financial activity of the School District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the School District's financial assistance have been included.

THE FEDERAL SINGLE AUDIT REQUIREMENT

The United States Congress enacted the Single Audit Act Amendments of 1996 (the "Act"), and the President signed the Act into law on July 5, 1996. The Office of Management and Budget ("OMB") issued Title 2 U. S. Code of Federal Regulations Part 200, Uniform Administrative requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), in accordance with the Act, to clarify and establish audit requirements for States, Local Governments and Non-Profit Organizations. The School District is required by the Act to have an annual audit performed on its entire operations, including separate reporting on its federal financial activity or otherwise the SEFA.

The School District's Comprehensive Annual Financial Report ("CAFR") for the Fiscal Year ended June 30, 2019, presents the entire operations of the School District. The CAFR was issued under separate cover on February 7, 2020. The SFA is issued in conjunction with the CAFR in order to comply with the reporting provisions of the Act. The report of the independent auditor on the SEFA, dated March 17, 2020, is reported in conjunction with the Independent Auditor's Reports on Compliance for Each Major Program, and Report on Internal Control over Compliance, required by the Uniform Guidance. The financial presentations in each report are derived from the same financial activity in the School District's various funds.

Copies of the reporting package (CAFR and SFA) and Data Collection Form must be forwarded to the Federal Audit Clearinghouse or otherwise the U.S. Bureau of the Census. In addition, a reporting package must be issued to each federal agency providing direct funding and affected by an audit finding on the

Schedule of Findings and Questioned Costs or the Summary Schedule of Prior Year Findings, and to required state or other governments. The report must be forwarded within the earlier of 30 days after receipt

of the auditor's report(s), or nine months after our fiscal year end of June 30, 2019, unless extended. In accordance with the Act, the SFA will be made available for public inspection.

The SEFA of the School District is presented in Section II of the SFA.

STATE OF PENNSYLVANIA SINGLE AUDIT REQUIREMENT

In June 2019, the Department of Health and Human Services (DHS) reissued the Single Audit Supplement as an aid to local government entities and their independent auditors in the specific auditing and performance of the Single Audit. This supplement provides program specific auditing and reporting requirements which are applied in conjunction with the Single Audit Act's required standards and guidelines for programs funded through the DHS.

COGNIZANT AGENCY

The OMB, in accordance with the Act, assigned the U.S. Department of Health and Human Services, National External Audit Review Center as the Cognizant Agency for the School District.

INDEPENDENT AUDITOR

The Philadelphia Home Rule Charter establishes the City Controller, a separately elected official, as the independent auditor of The School District of Philadelphia. Our Cognizant Agency has recognized the independence of the City Controller and the Single Audit was conducted through her appointed Certified Public Accountant in charge of auditing, in accordance with the provisions of The Philadelphia Home Rule Charter.

AUDITOR REPORTS

The Single Audit Act, in conjunction with the American Institute of Certified Public Accountants, requires that the auditor issue four reports in connection with its examination of the SEFA: The Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards, the Report on Compliance for Each Major Program, Report on Internal Control over Compliance, and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance. These federal and state requirements have been met and the reports are included herein.

Board of Education March 17, 2020 Page 3

PLAN FOR CORRECTIVE ACTION

The Act requires that the School District submit its plan for corrective action to address each audit finding included in the current year auditor's reports. There were no current findings and all prior year findings have been resolved.

ACKNOWLEDGEMENTS

The preparation of this report was made possible by the dedicated service of the entire staff of the Chief Financial Officer, especially the Office of General Accounting and the Office of Grants Development and Compliance. We express our sincere appreciation to all the members of these departments who assisted in and contributed to the preparation of this report. We also thank the Office of the City Controller for their cooperation and assistance.

Respectfully,

William R Hite Ir Ed D

Chief Executive Officer and Superintendent

Uri Monson

Chief Financial Officer

1. Government of the School District

The School District of Philadelphia (the "School District") is a separate and independent home rule school district of the first class established by the Education Supplement to the Philadelphia Home Rule Charter (the "Charter") in December 1965. It is the largest school district in the Commonwealth of Pennsylvania (the "Commonwealth"), serving over 204,500 students. The School District is the tenth largest in the United States in enrollment and employs more than 19,100 full-time professional and non-professional persons. The boundaries of the School District are coterminous with the boundaries of the City of Philadelphia (the "City").

The School District is a political subdivision of the Commonwealth created to assist in the administration of the General Assembly's duties under the Constitution of the Commonwealth to "provide for the maintenance and support of a thorough and efficient system of public education to serve the needs of the Commonwealth". Although the School District is an independent legal entity, it is considered to be a component unit of the City of Philadelphia for reporting purposes and is included in the City's Comprehensive Annual Financial Report.

Effective December 2001 and in a cooperative effort with the City of Philadelphia to address the School District's financial needs, the Commonwealth of Pennsylvania assumed governing control of the School District by declaring it financially distressed in accordance with Sections 691 and 696 of the Public School Code of 1949. However, in December 2017 School Reform Commission (SRC) Board resolutions returned the governance to local control on July 1, 2018. The new Board of Education smoothly transitioned from the School Reform Commission as planned and has been in governance since the start of Fiscal Year 2019.

Local governance by a Board of Education (Board) consisting of nine members appointed by the Mayor of the City of Philadelphia began on July 1, 2018 to coincide with the dissolution of the SRC at the end of the reporting period of Fiscal Year 2018. As prescribed, the Board is responsible for the overall operation, management, and educational programs of the School District, including all budgetary and financial matters presented herein. The duties of the Board generally include, but are not limited to, the formulation of educational policy, the adoption of an annual budget, the development of a comprehensive capital improvement budget and program, and the incurrence of indebtedness. The Superintendent of Schools beginning on July 1, 2018 reports to the local Board . The Superintendent during the Fiscal Year 2019 reporting period was Dr. William R. Hite, Jr., and the Chief Financial Officer was Uri Z. Monson.

The School District also serves as the agent for the Intermediate Unit No. 26, an entity established by the Commonwealth to provide special education, special education transportation, and related management services.

2. Organization and Scope

For the fiscal year ended June 30, 2019 the School District of Philadelphia is presenting a Single Audit Report on expenditures of federal awards. This report is issued in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The U.S. Department of Health and Human Services, National External Audit Review Center has been designated the organization-wide cognizant agency for the School District of Philadelphia's single audit.

3. Major Programs

Major federal programs are identified in the Summary of Auditor's Results section of the Schedule of Findings and Questioned Costs.

4. Schedule of Expenditures of Federal Awards

Information contained in the Schedule of Expenditures of Federal Awards (SEFA) is derived from the School District's accounting systems. For reporting purposes, the School District adheres to the significant accounting policies which are in conformance with generally accepted accounting principles (GAAP) for local governmental units as prescribed by the Governmental Accounting Standards Board. Program expenditures recorded in the SEFA are presented on the modified accrual basis of accounting.

The accompanying SEFA includes the federal grant activity of the School District under federal financial assistance programs for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Because the schedule presents only a selected portion of operations of the School District, it is not intended to present the financial position or changes in net position. Federal programs considered active during the year ended June 30, 2019, are reflected in the SEFA. An active federal program is defined as a federal program that incurred expenditures (adjustments) of funds or accrued (deferred) grant revenue adjustments during the fiscal year or a federal program considered as not completed or closed out at the beginning of the fiscal year.

Accrued and Unearned Grant Revenue — various worksheet schedules are used for the federal awards received by the School District. Consequently, timing differences between the recognition of revenues and related cash receipts can exist at the beginning and end of the fiscal year. Accrued grant revenue balances represent the excess of revenue recognized over cash received to date. Unearned grant revenue balances represent the excess of cash received over revenue recognized to date.

5. Schedule of Expenditures of Federal Awards – CFDA #10.555 – National School Lunch Program

Information contained in the Schedule of Expenditures of Federal Awards (SEFA) for CFDA #10.555 – National School Lunch Program – includes Non-Cash Assistance pertaining to food commodities distributed by the United States Department of Agriculture (USDA). For fiscal years beginning July 1, 2008, commodities are identified with the programs under which USDA donated the commodities. Prior to this period, commodities were presented under a separate CFDA number (#10.550), which has been deleted by the USDA.

6. Indirect Cost Rate

The amount expended includes amounts claimed as indirect cost recovery using an approved indirect cost rate percent by the Pennsylvania Department of Education or as per the funding agencies approved budget. The School District has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the President and Members of The Board of Education of the School District of Philadelphia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the School District of Philadelphia, Pennsylvania (School District), a component unit of the City of Philadelphia, Pennsylvania, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated February 07, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

CITY OF PHILADELPHIA OFFICE OF THE CONTROLLER

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the President and Members of The Board of Education of the School District of Philadelphia

Report on Compliance for Each Major Federal Program

We have audited the School District of Philadelphia, Pennsylvania's (School District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2019. The School District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance

C I T Y O F P H I L A D E L P H I A OFFICE OF THE CONTROLLER

requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

C I T Y O F P H I L A D E L P H I A OFFICE OF THE CONTROLLER

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the School District, a component unit of the City of Philadelphia, Pennsylvania, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements. We issued our report thereon dated February 07, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Christy Brady, CPA

Deputy City Controller Philadelphia, Pennsylvania

Section V. Summary Schedule of Prior Audit Findings

SCHOOL DISTRICT OF PHILADELPHIA SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FISCAL YEAR ENDED JUNE 30, 2019

2016-001. SPECIAL TESTS - COMPARABILITY: Title I Grants to Local Educational Agencies

CFDA #84.010 Status: Resolved Questioned Cost: \$0

Resolution Agency: PA Department of Education

Condition:

The School District was not in compliance with the requirement that services provided with Title I funding are substantially comparable between each school. The final school comparability analysis submitted to the Pennsylvania Department of Education (PDE) indicated that 23 schools must add 45.2 full time equivalent (FTE) positions to make them comparable as required by federal regulations. Our current testing of those 23 schools found that 17 (6 high schools, 2 middle schools, and 9 elementary schools) remained non-comparable, and 29 FTE positions were still not filled. Funding for the Title I is received from the U.S. Department of Education and passed-through the PDE.

<u>Update 2019:</u>

The School District made substantial progress in 2018 recruiting positions required to be filled due to Comparability. That progress has been maintained for 2019 despite the challenges presented in filling the SSA position.

The Comparability analysis for the 2018-2019 school year (FY19 audit) indicated that 21 three hour SSAs positions and 8 four hour SSAs would need to be hired. Data from the Talent Office indicates that 27 were filled by April 1, 2019 (93%) with the remaining two thereafter.

This audit finding is no longer valid or does not warrant further action based on the directions of 2 CFR 200.511 (b)(3).
