Growing Greatness Together

VISION

To graduate all students with the skills they will need to be accepted and successful in a high school of their choice

MISSION STATEMENT

Students and staff work collaboratively at AMY NW through supporting and encouraging each other to become socially responsible, self-disciplined agents of change. Our rigorous curriculum promotes intellectual curiosity, creative thinking, and challenges students to meet their full potential.

WE BELIEVE:

The academic achievement of each student is our primary goal.

Learning is a lifelong process.

Education is a shared responsibility among students, family, school staff, and community.

School staff serve as role models of professionalism, integrity, commitment and ethical behavior through visionary leadership to promote sustainable skill sets for future success.

Every student is a valuable part of the AMY NW community able to make positive contributions.

Students learn in different ways and at different rates. A respectful and safe school environment contributes to educational and social GROWTH for all.

Students develop self-esteem through compassionate, respectful relationships with caring adults and meaningful experiences in school and the community.
