

## **It's time for a new blood glucose meter!**

**Formulary change begins on January 1, 2020.  
The preferred blood glucose meter is changing.**

**And your new meter is available for free!**

Regular blood sugar testing can help you control your glucose levels and manage your diabetes. Over the long term, careful monitoring can protect your eyes, kidneys, nerves, heart, and blood vessels from serious damage.

Glucose monitors should be updated every so often, and a new monitor is now available at no cost to you.

### **Take advantage of this great offer**

To help you monitor your blood sugar levels, your pharmacy benefit plan is offering the new preferred meter at no charge. The preferred meters for your plan are listed below. This plan change will go into effect January 1, 2020. For more details, call FutureScripts customer service at the phone number on your member ID card. You can also contact the meter manufacturer Service Center.

### **How to get your new preferred meter for free**

First, talk with your health care team. They will help you select the no-charge meter that's right for you. Once you decide, it's easy to place your order. Just call the manufacturer's Service Center when you're ready.

Check the following page for more information on the meters available to you!

# Choose from these brand-name meters

To order one of these OneTouch® meters call their Service Center at 1-866-355-9962  
Order Code: 594PRX100

## Monitor

## Test Strips

**OneTouch Verio® Meter**

OneTouch Verio® Test Strips
