Overview of the Quarterly School Manager Report

The Quarterly School Manager Report is a summary report on the finances and management of the School District of Philadelphia. It is prepared by the Office of Finance.

The purpose of the Quarterly School Manager Report is to provide senior management of the School District of Philadelphia with a summary of the District's progress in implementing the financial and management goals of the current fiscal year on both a "Year-to-date Actual" basis and on a "Forecast for Full Year" basis.

While the Quarterly School Manager Report focuses narrowly on the financial management of the District, it is important to keep in mind the real educational impacts to children and families of the District's financial status. Many schools lack a full array of resources and educational opportunities. Our financial plans are only effective to the extent that they provide for an adequate education of all public school children in Philadelphia.

The Quarterly School Manager Report contains the following reports and schedules:

Operating Funds: The Quarterly School Manager Report presents a combined presentation of revenues and expenses for the principal operating funds, in addition to detailed revenue categories in the general, intermediate unit, and debt service funds; and expenditure and current budget information divided according to the District's functional hierarchy.

The principal operating funds of the District consist of a General Fund, Intermediate Unit (IU) Fund, and a Debt Service Fund. The District is required, as a result of its covenants to holders of fixed rate bonds of the School District, to deposit funds into its sinking funds during the current fiscal year to pay some of the debt service due in the next fiscal year.

For all quarters except the fourth quarter, the operating reports present quarterly year-to-date actuals for the current fiscal year and prior two fiscal years; the current full year projection and full year actuals for the prior two years; and the year-to-date actuals as a percentage of the total year. The fourth quarter report presents the current year amended budget, current full year projection, the current year projected budget variance, and full year obligations for the prior two years.

Cash Flow: The Cash Flow section includes year-to-date cash flow and vendor payment information. The School District's adopted cash flow is based on the current fiscal year's adopted budget. The cash flow projections are updated to reflect actual year-to-date results and changes to assumptions as to the timing of revenues and the payment of expense which are made as a result of actual events. The vendor payments report includes the cash payments made to date in the fiscal year to the District's vendors. The list contains payments inclusive of operating and grants expenditures.

For the Period Ended September 30, 2016

Personnel Reports: The Position Summary Report contains budgeted and projected Full Time Equivalent positions and current On-Board actual employees. Budgeted and projected positions are derived from the Office of Management and Budget personnel projection system reconciled to the Staffing Management System for school-based positions. Current On-Board employees are taken from the District's Advantage HR Staffing system and include On-Board employees at months-end with status codes 1 (Active), 2 (Acting), and 3 (Long-Term Substitutes). There may be instances when the Count (Filled column) is fractional which represents an employee in a part-time position. The Quarterly School Manager Report also includes a Vacancy Report which is a listing of teacher vacancies by school for operating and grant funds.

The Position Report and Vacancy Report vary due to differences in what constitutes a vacancy in each report (e.g. retired teachers and long-term subs), and differences in defining when a vacancy is filled (e.g. offer acceptances and new hire start dates).

Supplementary Materials: This section of the Quarterly School Manager Report contains additional materials related to the operations of the School District.

The Debt Service Schedule is the District's current fiscal year projected operating debt service budget, which depicts each bond series outstanding broken down by principal and interest due in the current fiscal year. Current year refunded bonds and "trapped funds" reserved in the current year are shown separately.

The Capital Projects reports include a listing of the District's activities related to capital projects, in addition to detailing the monthly year-to-date cash balances for all bond funds held to pay capital projects.

The documentation also includes information regarding the school allocation methodology, major grants funds and corresponding descriptions, school-by-school Title I budgets and spend, a summary of minority and women business enterprise participation, and a listing of the data posted on the District's website as part of the Open Data Initiative.

Introduction

Overview

The School District of Philadelphia's Quarterly School Manager Report for the period ended September 30, 2016 represents forward-looking statements and any such statements are subject to a variety of risks and uncertainties that could cause actual results to differ materially from those that have been projected. Although the Fiscal Year 2016 projections contained in this report were released after the end of the fiscal year, this quarterly report was completed before the District's FY 2016 closing process was complete and before audited financial statements were prepared.

In FY 2017, the District currently projects operating revenues of \$2,825.1 million and operating expenditures of \$2,824.0 million, resulting in an operating surplus of \$1.1 million excluding transfers from reserves and (\$8.6) million including transfers from reserves¹. The District is projected to end FY 2017 with a \$122.3 million positive fund balance.

Overall, this represents a \$21.4 million increase over the FY 2017 Adopted operating ending fund balance of \$100.9 million. This increase is attributable to a \$13.0 million better than projected performance in FY 2016 (as compared to the Amended budget); and a current projection of better than projected performance in FY17 of \$8.4 million. This projection would result in the District having balanced annual operations for the third consecutive year.

Specifically, the \$8.4 million current year projected increase can be attributed to the following adjustments which occurred subsequent to the FY 2017 budget adoption:

- FY 2016 Revenue Timing Adjustments. \$12.1 million of State Debt Service PlanCon² funding revenue and \$3.0 million of State Health Services revenue were included in the FY 2016 Amended Operating Budget, but are now projected to be received in Fiscal Year 2017.
- Enacted State Budget Adjustments. On July 11, 2016, the FY 2017 Commonwealth budget became law without the Governor's signature, which included a net (\$7.3) million negative fund balance impact relative to the FY 2017 Adopted Operating Budget:
 - (\$7.2) million negative fund balance impact due to a shift in the Basic Education subsidy to the pre-existing Ready to Learn Grant:
 The Basic Education subsidy was reduced and \$40.4 million of revenues shifted back to the pre-existing Ready to Learn Grant along with \$38.6 million of associated operating expenditures and \$5.3 million of associated

 $^{^{1}}$ Transfers from Reserves are not included in the total expenditures. FY17 transfers from reserves are \$9.7 million for trapped funds related to debt service.

² PlanCon is the Planning and Construction Workbook fund which is administered by the state Department of Education and reimburses school districts for school construction projects.

retirement and social security reimbursements. This was not a reduction of overall revenues to the District, but a shift in the mix of Operating and Grant fund revenue. The Ready to Learn Grant is a categorical fund and therefore its funding is not included in Operating Fund results.

 \$4.2 million positive fund balance impact due to increased cigarette tax revenues:

The cigarette tax revenues increased from a projected \$53.8 million to \$58.0 million. The School District will receive at least \$58 million annually from this tax by virtue of an amendment to the Fiscal Code contained in Act 85.

- (\$4.7) million negative fund balance impact due to reduced Special Education subsidy:
 - The Philadelphia School District Special Education subsidy was reduced by \$4.7 million from \$143.3 million to \$138.6 million.
- \$0.4 million increase in other State revenue line items
- Other Budget Adjustments. Since adoption, the State also implemented a
 Ridesharing pilot program from which the District is projected to receive
 approximately \$357,000. Subsequent to September 30, 2016, the State
 instituted a fully-approved program. The second quarter Report will include the
 projected revenues associated with the fully-approved program currently
 projected to be approximately \$2 million. In addition, the District received an
 additional \$0.2 million in other revenues compared to the Adopted budget.

Year Over Year Comparison

Revenues - Year over Year

The major difference in year-to-date revenues from FY 2015 to FY 2017 is due to the State budget impasse, which resulted in a delay in the District receiving its State receipts in FY 2016 until the third quarter.

| | FY17 YTD September 30 State Receipts | FY16 YTD September 30 State Receipts | FY15 YTD September 30 State Receipts |
|-------------------------|--|--|--|
| A. Total State Receipts | 248,061,640 | 0 | 221,316,620 |
| B. Less Net Advances | 0 | 0 | 0 |
| Net State Receipts | 248,061,640 | 0 | 221,316,620 |

Additional variances between the historical year-to-date revenues include:

 Building Sales included as Other Financing Sources have significantly changed since FY 2015, decreasing from \$14.2 million in FY 2015 to \$0.7 million in FY 2017.

- In FY 2016, federal revenues were \$0 due to timing differences for the District's federal debt service subsidies in comparison to \$3.3 million in FY 2015 and \$3.3 million in FY 2017.
- In FY 2015, the District did not start to receive its cigarette tax receipts until October and therefore year-to-date revenues were \$0 in comparison to \$10.3 million in FY 2016 and \$8.3 million in FY 2017.

Expenditures – Year over Year

Significant differences in year-to-date expenditures in FY 2017 compared with prior years include:

| | FY17 YTD September 30 Expenditures | FY16 YTD September 30 Expenditures | FY15 YTD September 30 Expenditures |
|---------------------------|--|--|--|
| A. Salaries | 156,072,945 | 156,299,314 | 168,970,065 |
| B. Benefits | 109,434,632 | 105,145,196 | 105,711,053 |
| C. Non-Personnel Services | 400,635,725 | 316,348,956 | 302,544,490 |
| Total | 666,143,303 | 577,793,466 | 577,225,608 |

Salaries – Operating fund salaries declined from FY 2015 to FY 2016 primarily due to a decrease in District-operated school enrollment, increased teacher and other school-based personnel vacancies, and outsourcing of per diem salaries to a third party in FY 2016. From FY 2016 to FY 2017, increased expenditures due to fewer vacancies are offset by fewer paid days in the quarter.

Benefits – From FY 2015 to FY 2016, operating benefits did not see proportional decreases relative to salaries due primarily to increased retirement costs offsetting unemployment and social security expenditure declines. Similarly, between FY 2016 and FY 2017, continued increases in retirement expenditures were partially offset by decreases in other benefits.

Non-Personnel Services (NPS) – The majority of the increase from FY 2016 to FY 2017 is due to higher charter expenditures booked in the first quarter. This is due to an increased FY 2017 per pupil rate and a second quarter charter school payment being booked at the end of the first quarter due to a holiday.

Prior Year Projection

In Fiscal Year 2016, the District currently projects operating revenues and other sources of \$3,072.2 million and operating expenditures and other uses of \$3,003.3 million, resulting in an operating surplus of \$68.9 million, excluding transfers from reserves; and

\$42.8 million when transfers from reserves are included.³ The District is projected to end FY 2016 with a \$130.9 million positive fund balance. This is \$13.0 million better than the projected operating surplus included in the FY 2016 Amended Budget. The projected year end fund balance represents 4.8% of operating revenues or less than three weeks of operating revenues, net of refunding revenues and sources.

Issues and Risks

The Quarter 1 report includes less than one month of school for FY 2017 in the year-to-date numbers. The Quarter 2 report will provide a better depiction of the District's financial projections for the fiscal year as it will represent the half-year mark of the fiscal year; will include the impact of leveling which was completed mid-October; reflect better information from school-based spending; include the impacts of the FY 2017 bond refunding; and, include the State-approved ridesharing program. In addition, the Quarter 2 report will include the FY 2016 unaudited financials which could impact the prior year fund balance used for the FY 2017 projected fund balance.

Conclusion

The financial projections in the first quarter primarily reflect adjustments to the District's adopted budget for receipt of FY 2016 State revenues in the current year, and changes in the FY 2017 State budget, which was enacted subsequent to budget adoption. The FY 2017 current projection reflects a balanced operating budget. Although the District continues its progress toward fiscal stability, persistent long-term challenges remain which will continue to be addressed in the District's current year and long-term planning. The District will need continued support from its funders to ensure additional, recurring funding to maintain current programs and implement necessary educational investments in future years.

³ Transfers from Reserves are not included in the total expenditures. FY16 transfers from reserves are \$26.1 million (\$9.7 million for trapped funds related to debt service, \$6.9 million reserved for future debt service payments, and \$9.5 million transferred to the medical fund).

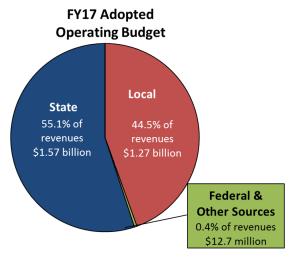

FY 2017 Adopted Operating Budget Summary

FY 2017 Adopted Operating Budget

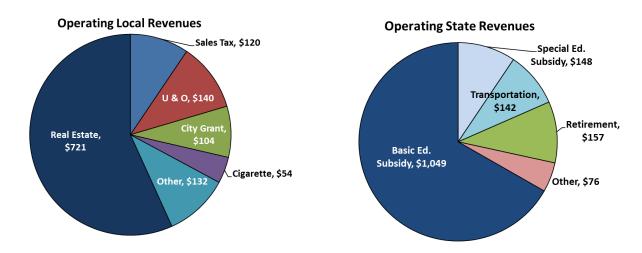

The District's budget consists of multiple funds: Operating, Categorical, Capital, Print, and Food Services. The Operating budget was adopted on May 26, 2016 with a \$2.85 billion revenue budget; and a \$2.86 billion expenditure budget.

Operating Revenues

The District does not have the power to authorize taxes directly. Funding is provided by the state, city, federal governments, and other sources.

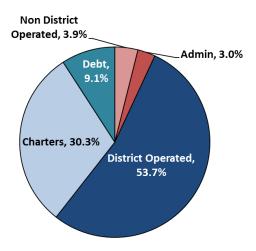

Approximately 56.8 percent of local revenues are generated from real estate tax. The remaining 43.2 percent of local revenues come from other taxes and fees and a City grant. Approximately 66.8 percent of state revenues are provided through the basic education subsidy. The remaining 33.2 percent of State revenues come from other subsidies and reimbursements.

Operating Expenditures

The District's FY 2017 adopted operating budget includes operating expenditures of \$2.86 billion. The District spends 87.9 percent of its operating budget directly on District, charter, and other non-District schools, with the remainder of the budget expended on debt service (9.1 percent) and District administration (3.0 percent).

Approximately 57 percent of the operating budget goes to District operated schools (including District administration). Of this amount, 94.7 percent goes to instruction, instructional support and other direct supports to schools. The remaining 5.3 percent is budgeted for District administration.

The remaining 43.3 percent is budgeted for charter schools (30.3 percent), other non-District operated schools (3.9 percent), and debt service (9.1 percent).

¹ FY 2017 Current Projection only reflects the dollars projected in the State's ridesharing pilot program as of September 30, 2016. The second quarter report will include the projected revenues associated with the fully-approved program.

² FY 2017 Current Projection includes the amounts in the enacted State Budget, which shifted funds from operating to the Ready to Learn Grant. This included a shift of \$40.4 million in Gross Basic Education subsidy and a resulting shift in associated retirement and social security reimbursements. These shifts resulted in a \$0 net change in the amount given to schools.

³ FY 2017 Current Projection includes FY 2016 State revenues received in FY 2017.

¹ Fiscal Year 2017 Current Projection includes the amounts in the enacted State Budget, which shifted \$38.6 million of operating expenditures to the Ready to Learn Grant.

² Fiscal Year 2016 YTD expenditures are understated primarily due to a (\$1.1) million negative accrual entry associated with Fiscal Year 2015 expenditures.

³ Fiscal Year 2016 YTD expenditures are understated primarily due to a (\$2.6) million negative accrual made for an anticipated late charge from the State for Private Residential Rehabilitative Institutions (PRRI)

QUARTERLY SCHOOL MANAGER REPORT SCHOOL BUDGET ALLOCATION METHODOLOGY

A school's budget consists of school-based allocations and centrally-allocated resources. The school-based allocations include both operating and grant resources. The operating resources are allocated for administration, teachers (enrollment driven + prep), school support positions, and discretionary funds. Grant resources are provided by Title I and Title II, SIG, and other grants. The centrally-allocated resources include positions such as special education, nurses, ESOL teachers, facilities, and security.

The following outlines the allocation methodology used for the School Basic Operating Funds in FY 2017:

| Position/ Resource | Allocation Method | | | | | |
|--|--|--|--|--|--|--|
| Teachers | Schools are allotted a sufficient number of regular education teachers to meet specified class size limits and to provide prep time for each teacher. Class size limits are: Grades K-3: 30 students Grades 4-12: 33 students Career and Technical Education Schools: 24 students Kindergarten teachers are entirely funded by grants. | | | | | |

Source: Revenue and Expenditure Estimates at the Time of the FY17 SRC Adopted Budget

^{*} The School Reform Commission does not adopt grant budgets. The SRC does approve the receipt of grant revenues and the expenditure of grant funds.

^{**} Grant revenues and related expenditures are not included in the general operating fund.

^{***} The FY17 budgets represent funds estimated to be spent during the year on a fiscal year basis which may be different than the grant award which represents resources provided during a grant period. In addition, the budget estimates include reimbursements from the State for retirement and social security costs for State grants, and retirement costs for Federal grants.

QUARTERLY SCHOOL MANAGER REPORT SUMMARY OF MAJOR GRANT FUNDS BY CATEGORY

| | Grant | Source | Program Description |
|---|--|---------------------------------|---|
| 1 | Title I (A) - Basic | Federal Grants - Indirect | Title I, Part A – Basic Grant Provides supplementary educational services, especially in reading/language arts and math, to students who are educationally disadvantaged or at risk of failing to meet state requirements; provides funds for school-wide projects that create an overall plan for school improvement; and provides resources to strengthen the core academic program and improve student achievement. Funds are also provided to private schools and the archdiocese. |
| 2 | IDEA - B | Federal Grants - Indirect IU | IDEA – Individuals with Disabilities Education Act Provides funding to supplement and/or increase the level of special education and related services provided to students with eligible disabilities ages 5 through 21 who are enrolled in special education programs. In alignment with the Act, Philadelphia Intermediate Unit 26 focuses IDEA expenditures on staffing, contract services, and materials costs that support supplementary aids and services for students with disabilities and those who are experiencing barriers to learning. |
| 3 | Pre-Kindergarten - Head Start Basic | Federal Grants - Direct | Pre-Kindergarten Head Start Basic Grant / Head Start Supplemental Assistance For pre-school education and family services, medical and dental care, breakfast, lunch and snacks, nutrition and social services, diagnostic and therapeutic services for children with special needs as well as for parent involvement in decision-making and program implementation. Also used to support the district's Head Start program which provides health, education, nutrition, social and other services to pre-school children and their families. Supplemental funds are used to increase the availability of Head Start program slots for low-income children and families in high-need neighborhoods through the school district. |
| 4 | Ready to Learn | State Grants | Ready to Learn To attain or maintain academic performance targets through such activities as pre-kindergarten, full-day kindergarten, class-size reduction, tutoring, teacher coaching and professional development, incentives for teachers in academically challenged schools, and social and health services. Ready to Learn funds are also used to support full-day kindergarten. |
| | Pennsylvania Pre- Kindergarten Counts | State Grants | PA Pre-K Counts To provide high-quality preschool programming for children between age three and the entry age for Kindergarten who are at considerable risk of delayed cognitive development and academic underperformance due to socioeconomic and/or other factors. The district uses this funding to support the delivery of center-based early childhood educational services designed to promote school readiness in a manner compliant with state and local standards. This programming is accomplished through close contractual partnerships with well-established community childcare agencies. |
| 6 | Title II (A) - Improving Teacher Quality | Federal Grants - Indirect | Title II, Part A - Improving Teacher Quality Grant To prepare, train, and recruit high-quality teachers and principals capable of ensuring increased academic achievement for all students and to provide in-service and retraining for teacher leaders and support staff through workshops, conferences, higher education credits and professional development sessions in elementary, middle, and high schools in the areas of math and science. |
| 7 | Head Start - Supplemental Assistance | State Grants | Same as - Pre-Kindergarten Head Start Basic Grant / Head Start Supplemental Assistance (216X) |
| | Title I School Improvement/ Accountability | Federal Grants - Indirect | Title I, School Improvement Accountability Grant To improve educational opportunities for students in low-performing schools and to facilitate compliance with school improvement requirements. Funds used to assist Title I schools in helping all children reach high standards of learning and help low-performing schools provide high-quality education for all children. Funds also used to support full and part-time positions including extra-curricular and professional development, textbooks, instructional aids, educational software and other educational supplies at schools on the school improvement list. |
| 9 | ACCESS - Claims | State Grants | ACCESS – Medical Assistance Grant Partial Reimbursement of the costs incurred by the District for providing medically related services to eligible special education students and specialized transportation to special education students who receive medically related services as part of their IEP. Reimbursement is generated when the District and/or intermediate unit submit health related claims for Chapter 14 Medicaid eligible students and the claims are processed for these students. Medical Assistance reimbursement for transportation is reimbursed only on dates when health related services are claimed. |
| 0 | Perkins Secondary Local Plan | Federal Grants - Indirect | Perkins Vocational Education Grant To upgrade approved Career and Technical Education (CTE) Programs of Study (POS) to ensure that the CTE POS are in compliance with both state (Chapter 339) and federal (Perkins IV) standards and guidelines. The expectation is that students will be better prepared for post-high education and careers. The District uses these funds to support Career and Technical Education (CTE) Programs of Study (POS) that serve high concentrations of special students. |
| 1 | Philadelphia GEAR UP Project | Federal Grants - Direct | Philadelphia GEAR UP Project To improve the chances for post-secondary success for a target cohort of students in some of Philadelphia's highest poverty and at-risk schools. To increase the academic performance and preparation for post-secondary education for GEAR UP students, increase the rate of high school graduation and enrollment in postsecondary education for GEAR UP students, and increase students' and their families' knowledge of post-secondary education options, preparation, and financing. |
| 2 | Title III - Language Instruction for LEP & Immigrant Students | Federal Grants - Indirect | Title III – Language Instruction for Limited English Proficient and Immigrant Students Grant To help students who have a primary language other than English attain English proficiency and meet the State academic content and achievement standards, and to develop language instruction educational programs. |
| 3 | GEAR UP Grant | Federal Grants - Direct | GEAR UP Grant The GEAR UP initiative provides academic preparation and college awareness preparation services to 6th and 7th grade students, and follows them through high school and first year of college. |

QUARTERLY SCHOOL MANAGER REPORT TITLE I: SCHOOL BY SCHOOL BUDGET TO ACTUAL OBLIGATIONS TO DATE

(Excludes Full Time Positions and All Benefits)

FOR THE PERIOD ENDED SEPTEMBER 30, 2016*

The following report includes the Title I budget for the current school year for each District school, in addition to the amount encumbered and expended to date. This report excludes full time positions and all benefits; and may include some negative amounts due to expenses from the prior year and the return of unspent teacher allotments. School has only been in session one month of the first quarter, and there is a proactive effort to assist schools in purchasing on an on-going basis. Further, as the year progresses, Finance staff identify those schools that are slow to spend their funds and contact them to identify roadblocks and assist in the spending process consistent with their Schoolwide Plan.

The School District of Philadelphia (SDP), along with Open Data Philly, is publishing data sets for public use. Publishing SDP data supports our efforts to promote transparency and community engagement.

Each data set published is provided as a ZIP file, containing the raw data, terms of use and release notes. The release notes generally provide context and background information about the data, including descriptions of the data elements.
