BACKGROUND

The School District currently serves about 142,300 students enrolled in School District schools, which include pre-kindergarten, elementary, middle, high school and alternative schools. The School District was designated a distressed school district on December 21, 2001 pursuant to the Pennsylvania Public School Code ("PSC"), 24 P.S. §6-691(c). The School Reform Commission ("SRC") has been established pursuant to PSC, 24 P.S. §6-696, and is responsible for the operation and management and educational program of the School District pursuant to PSC, 24 P.S. §6-696(e)(1). Various management structures are used to manage the education program in School District schools, including for-profit and non-profit organizations in addition to School District staff.

On June 30, 2015, the SRC adopted a six (6)-year amended Capital Improvement Program ("CIP") for FY16 through FY21 totaling almost $982 million. Subsequently, the SRC adopted the following amended CIPs on the following dates: (1) 6-year amended CIP (FY16 through FY21) totaling over $1.05 billion on May 26, 2016; (2) 6-year amended CIP (FY17 through FY22) totaling almost $1.13 billion on May 26, 2016; (3) 6-year amended CIP (FY17 through FY22 totaling over $1.26 billion on May 25, 2017; and (4) 6-year amended CIP (FY18 through FY23 totaling over $1.28 billion on May 25, 2017. The CIP priorities include maintaining the physical integrity at existing facilities, upgrading existing facilities to meet code requirements and educational programming needs, replacing systems that have exceeded their lifecycle, and constructing new facilities and additions.

The School District’s Office of Capital Programs ("OCP") is responsible for identifying and prioritizing capital work within the School District. The OCP shares responsibility for the long term upkeep and replacement of critical building systems over 25.6 million square feet, including nearly 500 buildings, annexes, administrative buildings and athletic fields. The OCP works closely to coordinate its OCP work with staff from the Office of
On May 25, 2017, the SRC also adopted the Capital Budget for FY 2018 totaling almost $231 million. The basis for the budget is the sale of bonds, usually repayable with interest over 30 years. The Capital Budget is the basis for the multi-year Capital Improvement Program (CIP). Projects are selected for inclusion in the CIP using building condition assessment reports, work order and deferred maintenance data, input from field maintenance employees and school administrators, and the priorities identified in the School District Superintendent’s Strategic Action Plan.

In its Request for Proposals to Provide Material Testing Services on an As-Needed Basis (hereinafter referred to as “RFP for Material Testing Services”), the School District requested proposals from qualified firms to perform material testing and inspection services, on an as-needed basis, at various schools.

_______ responded to the RFP for Material Testing Services with a Proposal.

The Material Testing Consultant shall not transfer or assign any contract funds or monies or claims due or to become due hereunder, in whole or in part, without the School District’s prior written approval. The School District’s payment of Project compensation to the Material Testing Consultant on each individual Project shall be determined by the School District, at its sole option, on one of the following compensation methods: (1) the percentage of construction cost method set forth in Paragraph 6.1.2 herein; (2) the hourly rates method set forth in Paragraph 6.1.3 herein; or (3) the negotiated fixed fee method set forth in Paragraph 6.1.4 herein. The Material Testing Consultant shall not have the right to decline the compensation method determined by the School District.

Instead, as its sole right and remedy with respect to such fault, negligence, breach of contract, willful act or omission, or such delay, disruption, interference or hindrance, of the
Prime Contractor or any of its subcontractors or consultants, the Material Testing Consultant shall be entitled to make, assert, file or bring a direct claim, action, cause of action or lawsuit against the Prime Contractor or any of its subcontractors or consultants, as an assignee of the School District, pursuant to this Paragraph 6.7.4. 6.8 Reimbursable Expenses. The School District agrees to pay the Material Testing Consultant Reimbursable Expenses on an individual project, at 100% of their actual costs, only for incidental materials and services authorized by the School District. The cost of normal reports and documentation requested by the School District for its review or record shall not be considered a Reimbursable Expense.

6.9 Release. Prior to final payment, the Material Testing Consultant shall furnish to the School District a release of all claims against the School District.

6.10 Non-Authorization of Funds. The Material Testing Consultant acknowledges that payments under this Contract may not exceed the amount that the School District’s Auditing Services Office certifies as available for this Contract. During the Initial Term and an Additional Term of this Contract, the School District reserves the right to fund the balance of the Compensation in varying amounts from time to time as funds become available, not to exceed in total the maximum amount stated in this Contract. The Material Testing Consultant agrees that the School District shall not be obligated to fund this Contract except out of funds certified by the School District’s Auditing Services Office as currently available, even if those funds are less than the maximum amount stated in this Contract. If at any time sufficient funds are not certified as available, the School District may, at its sole discretion, exercise its options described in Paragraph 6.11, Unavailability of Funds.

6.11 Unavailability of Funds. In the event the School District, in its sole discretion, does not or cannot obtain or continue the funding for this Contract from any source or sources at an aggregate level sufficient to allow for payment for the Services required under this Contract, the School District may, in its sole discretion, exercise one of the following alternatives:

(a) Terminate this Contract effective upon a date specified in a Termination Notice pursuant to Section 14, Termination; or

(b) Continue this Contract by reducing, through written notice to the
Material Testing Consultant, the scope of the Services required under this Contract and the amount of the Compensation, consistent with the nature, amount, and circumstances of the loss of funding; or

(c) Suspend the Services until such time as sufficient funds are available; provided, that in the event of such suspension, but only upon the availability of sufficient funds, the Material Testing Consultant shall resume the Services within thirty (30) calendar days following the School District’s written notice to resume.

Any reduction of this Contract pursuant to this Paragraph shall not affect any obligations or liabilities of either party accruing prior to such reduction. The School District shall not face any liability or penalty as a result of such reduction of this Contract. In the event of termination or suspension pursuant to this Paragraph, the Material Testing Consultant shall have the rights and obligations set forth in Paragraph 13.2, Suspension for Convenience and Paragraph 14.1, Termination for Convenience.

6.12 Crossing Fiscal Years. If the School District will pay any portion of the compensation set forth in this Section 6 in any School District fiscal year (the School District’s fiscal year runs July 1 - June 30) subsequent to the fiscal year in which the Initial Term or an Additional Term of this Contract commences (in either case, “Commencement FY”), the Material Testing Consultant understands and agrees that the portion of the compensation under this Contract payable with School District funds that may accrue hereunder in a subsequent fiscal year remains subject to legally mandated budget authorization by the SRC of the School District under Applicable Law. If for any reason funds for that portion of the compensation that may accrue hereunder in a subsequent fiscal year are not continued in any subsequent School District fiscal year, this Contract and the School District’s liability under this Contract shall automatically terminate at the end of the fiscal year of the then current Commencement FY; provided, however, that the Material Testing Consultant shall be compensated in accordance with the terms of this Contract for Services that have been provided and accepted by the School District prior to the end of the fiscal year of the then current Commencement FY. Payments to the Material Testing Consultant pursuant to this Contract shall not exceed the amount authorized for this Contract plus any other amounts properly available for obligation for this Contract. If such funding is not available in a timely manner, the School District shall have the right to terminate this Contract. In the event of termination or suspension pursuant to this Paragraph, the Material Testing Consultant shall have the rights and obligations set forth in Paragraph 13.2, Suspension for Convenience and Paragraph 14.1, Termination for Convenience.

6.13 Audits; Records and Payments.

The School District shall have no obligation to pay nor to see to the payment of any monies to any Subconsultant of the Material Testing Consultant, except as may otherwise be required by law. Nothing contained in Paragraph 6.3, *Applications for Payment and Subconsultant Payment Confirmation,* shall give rise to any duty on the part of the School District to pay or to see to the payment of any monies to any Subconsultant of the Material Testing Consultant. The School District of Philadelphia is a “distressed school district” under the Public School Code, Act of March 10, 1949, P.L. 30, No. 14 (24 P.S. §6-691) and a “first class school district” under the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (known as “PICA Act”), Act of June 5, 1991, P.L. 9, No. 6 (53 P.S. § 12720.104), and therefore the prompt payment provisions of the Award and Execution of Public Contracts Law, Act of December 12, 1994, P.L. 1042, No. 142 (73 P.S. §§1626.8(c)(2)&(4)) (repealed), and the prompt payment provisions of the Commonwealth Procurement Code, General Procurement Provisions, Act of May 15, 1998, P.L. 358, No. 57 (62 Pa.C.S.A. §§3938(b)(2)&(4)), do not apply to the School District of Philadelphia and its contracts for construction, reconstruction, alteration, repair, improvement, or demolition of its buildings or improvements of any kind to its real properties. Neither the Material Testing Consultant nor its Subconsultants can make, assert or file a claim, cause of action or lawsuit against the School District of Philadelphia for violation of the prompt payment provisions of the Award and Execution of Public Contracts Law (repealed), or the prompt payment provisions of the Commonwealth Procurement Code, General Procurement Provisions. The School District of Philadelphia is also a “school district” and a “political subdivision” of the Commonwealth of Pennsylvania, and therefore the Contractor and Subcontractor Payment Act, Act of February 17, 1994, P.L. 73, No. 7 (73 P.S. §501 et seq.), does not apply to the School District of Philadelphia and its contracts for work or improvements on its real properties. Neither the Material Testing Consultant nor its Subconsultants can make, assert or file a claim, cause of action or lawsuit against the School District of Philadelphia for violation of the Contractor and Subcontractor Payment Act.

8.3 **Equal Opportunity.**

The School District will not do business with companies or persons who unlawfully discriminate on the basis of age, race, color, sex, sexual orientation, handicap, disability, religious creed, ancestry, national origin, Vietnam-era or any other veteran status, or any other impermissible ground in their hiring, promotion, subcontracting, or procurement practices. By submitting any proposal to contract or entering into any contract with the School District, the Material Testing Consultant represents and certifies that it is an Equal Opportunity Employer; conducts its business affairs without improper regard to age, race, color, sex, sexual orientation, disability, creed, ancestry, national origin, or other impermissible ground; and has not been debarred, suspended, or declared ineligible to contract by any public or private agency or entity because of its discriminatory practices. The certifications in Paragraph 8.3 herein are material representations of fact upon which reliance was placed when this transaction was entered into. If it
is later discovered or determined that the Material Testing Consultant knowingly rendered an erroneous certification, the School District may pursue available remedies, including termination of this contract, suspension or debarment.

8.3.2 All parties hereto agree that in the performance of this Contract there shall be no discrimination against any employee or other person on account of age, race, color, sex, sexual orientation, handicap, disability, religious creed, ancestry or national origin, disabled or Vietnam-era or any other veteran status. The School District, upon receipt of evidence of such discrimination by the Material Testing Consultant or its agents, employees, representatives, or Subconsultants, shall have the right, at its sole discretion, to terminate this Contract. The Material Testing Consultant agrees to include this Paragraph 8.3, with appropriate adjustments for the identity of the parties, in any Subcontracts that are entered into for Services to be performed under this Contract.

8.3.3 The Material Testing Consultant shall not discriminate nor permit discrimination against any person because of race, color, religious creed, age, sex, national origin, ancestry, handicap, disability, sexual orientation, union membership, disabled or Vietnam-era or any other veteran status, or limited English proficiency in the performance of this Contract, including, but not limited to, preparation, manufacture, fabrication, installation, erection and delivery of all supplies and equipment. In the event of receipt of such evidence of such discrimination by the Material Testing Consultant or its agents, employees or representatives, the School District shall have the right to terminate this Contract. In the event of the continued refusal on the part of the Material Testing Consultant to comply with this anti-discrimination provision, the Material Testing Consultant may be removed from the list of approved bidders of the School District. The Material Testing Consultant agrees to include this Paragraph 8.3, with appropriate adjustments for the identity of the parties, in all Subcontracts which are entered into for work to be performed pursuant to this Contract.

8.3.4 M/WBE Participation. The Material Testing Consultant shall ensure that minority-owned business enterprises (“MBEs”), and women-owned business enterprises (“WBEs”) have the maximum opportunity to participate in the performance of this engagement, and shall make a good-faith effort to achieve the goals. [The Material Testing Consultant represents and certifies that it is a minority-owned business enterprise (MBE) firm or a woman-owned business enterprise (WBE) firm or a dual minority-owned and woman-owned business enterprise (M/WBE) firm.]

The Material Testing Consultant [further] represents and certifies that it will include 15% to 20% participation with either a minority-owned business enterprise(s) (MBE) and/or a woman-owned business enterprise(s) (WBE) based on the total contract award in the performance of this School District Contract. [The Material Testing Consultant [further] represents and certifies that it is a minority-owned business enterprise (MBE) or a woman-owned business enterprise (WBE) or a dual minority-owned and woman-owned business enterprise (M/WBE) firm and that it will perform 100% of the total amount of services provided in the performance of this School District Contract, as set forth in the Proposal, M/WBE Participation Plan.]

The Material Testing Consultant [further] represents and certifies that it will use the following MBE and/or WBE firms as Subconsultants under this Contract in the percentages listed as set forth in the Proposal, M/WBE Participation Plan: (1) ____________________________ (%) – ___%; (2)
8.3.5 The Material Testing Consultant shall not replace or substitute the MBE/WBE firms identified in Paragraph 8.3.4 and the Material Testing Consultant’s Proposal, M/WBE Participation Plan, without the prior written notice to and approval of the School District. The Material Testing Consultant shall not increase or decrease the contract MBE/WBE percentages, or change the scopes of work, or increase or decrease the dollars amounts, if applicable, for the MBE/WBE firms identified in Paragraph 8.3.4 and the Material Testing Consultant’s Proposal, M/WBE Participation Plan, without the prior written notice to and approval of the School District. The Material Testing Consultant shall promptly submit a revised M/WBE Participation Plan, for School District approval, before the Material Testing Consultant: (a) replaces or substitutes the MBE/WBE firms identified in Paragraph 8.3.4 and the Material Testing Consultant’s Proposal, M/WBE Participation Plan; or (b) increases or decreases the contract MBE/WBE percentages for the MBE/WBE firms identified in Paragraph 8.3.4 and the Material Testing Consultant’s Proposal, M/WBE Participation Plan; or (c) changes the scopes of work for the MBE/WBE firms identified in Paragraph 8.3.4 and the Material Testing Consultant’s Proposal, M/WBE Participation Plan; or (d) increases or decreases the dollars amounts, if applicable, for the MBE/WBE firms identified in Paragraph 8.3.4 and the Material Testing Consultant’s Proposal, M/WBE Participation Plan.

The Material Testing Consultant represents and agrees that it will use the minority-owned and women-owned business enterprises for the services and in the combined range of percentages listed in Paragraph 8.3.4 herein. The representations and agreements in Paragraph 8.4 herein are material representations of fact upon which reliance was placed when this transaction was entered into. If it is later discovered or determined that the Material Testing Consultant has not made a good faith effort to comply with the listed combined M/W/BE range of percentages in Paragraph 8.3.4 herein, within the School District’s sole judgment, the School District may pursue available remedies, including suspension or debarment of the Material Testing Consultant from future School District work as non-responsible.

8.4.4 **Penalties for Failure to Comply.**

(1) It is hereby agreed that failure to comply and demonstrate a good faith effort to comply with the foregoing requirements shall constitute a substantial breach of this Contract.

The Material Testing Consultant and its officers, agents, representatives and employees, and all of its Subconsultants and their officers, agents, representatives and employees, shall have no claim against the School District, its officers, agents, representatives and employees, and the members of the School Reform Commission and the Board of Education for the acts, failures to act or negligence of the School District, directly or indirectly, or its officers, employees and members of the School Reform Commission and the Board of Education; and should this exculpatory clause be declared invalid by law, such invalidity shall in no manner affect or invalidate any or all other foregoing provisions in this Paragraph 9.1 (Indemnification).

The Endorsement adding the School District of Philadelphia as an additional insured must specifically reference the School District Contract number and be submitted to the School District Director of Risk Management and School District’s Contract Administrator at the above addresses. The School District reserves the right to require the Material Testing Consultant to furnish certified copies of the original policies of all insurance required under this Contract at any time upon ten (10) calendar days’ written notice to the Material Testing Consultant.

10.3 **Notice of Claim or Lawsuit.** The Material Testing Consultant shall advise the School District in writing, within ten (10) calendar days upon notification of a claim or lawsuit based upon the Material Testing Consultant’s services, omission or breach, that it will abide fully
by Paragraph 9.1 (Indemnification) and Section 10 (Insurance) of this Contract, and that the applicable insurance carrier(s) has (have) been advised to defend, indemnify, and hold harmless the School District in accordance with the provisions of Paragraph 9.1 (Indemnification) and Section 10 (Insurance) of this Contract. The Material Testing Consultant shall not decline to provide the School District with full protection and coverage under Paragraph 9.1 (Indemnification) and Section 10 (Insurance) of this Contract because some other contractor or consultant may, in whole or in part, be responsible for the occurrence, death, injury, damage, or loss to persons or property, or economic loss, damage, or expense, or because the School District may be a co-insured or an additional insured on some other contractor’s or consultant’s policy of insurance. The Material Testing Consultant agrees that any violation of this Paragraph 10.3 of Section 10 (Insurance) shall be deemed a material breach of this Contract.

10.4 Self-Insurance. The Material Testing Consultant may not self-insure any of the coverages required under this Contract without the prior written approval of the School District Director of Risk Management. In the event that the Material Testing Consultant desires to self-insure any of the coverages listed above, it shall submit to the School District’s Contract Administrator and School District Director of Risk Management, prior to the commencement of Services hereunder, a certified copy of the Material Testing Consultant’s most recent audited financial statement, and such other evidence of its qualifications to act as a self-insurer (e.g., State approval) as may be requested by the School District’s Contract Administrator or School District Director of Risk Management. In the event such approval is granted, it is understood and agreed that the School District, its commission members, board directors, officers, employees and agents shall be entitled to receive the same coverages and benefits under the Material Testing Consultant’s self-insurance program that they would have received had the insurance requirements been satisfied by a reputable insurance carrier authorized to do business in the Commonwealth of Pennsylvania or otherwise acceptable to the School District Director of Risk Management. If at the time of commencement of this Contract, the Material Testing Consultant self-insures its professional liability or workers’ compensation and employers’ liability coverage, the Material Testing Consultant may, in lieu of the foregoing, furnish to the School District Director of Risk Management and School District a current copy of the State certification form for self-insurance or a current copy of the State Insurance Commissioner’s letter of approval, whichever is appropriate. The insurance (including self-insurance) requirements set forth herein are not intended and shall not be construed to modify, limit, or reduce the indemnifications made in this Contract by the Material Testing Consultant to the School District, or to limit the Material Testing Consultant’s liability under this Contract to the limits of the policies of insurance (or self-insurance) required to be maintained by the Material Testing Consultant hereunder.

Section 11. Confidentiality.

11.1 Confidential and Proprietary Information. The Material Testing Consultant acknowledges that it will be exposed to confidential and proprietary information of the School District and that such confidential and proprietary information will be contained in papers, records, documents and materials belonging to the School District or stored on equipment owned and operated by the School District. The Material Testing Consultant shall keep in strictest
confidence all information relating to this Contract and all information that may be acquired in connection with or as a result of this Contract, that is not generally know to others, or which the School District designates as confidential or proprietary. The School District hereby designates the School District Data listed in Paragraph 11.3 as “Confidential and Proprietary Information”. During the term of this Contract and at any time thereafter, without the prior written consent of the School District, the Material Testing Consultant shall not publish, disclose, or use to its advantage, profit or gain any information which has been designated by the School District as proprietary or confidential, or which from the surrounding circumstances in good conscience ought to be treated by the Material Testing Consultant as proprietary or confidential, or any other information subject to a third party’s proprietary right, such as a copyrighted or trademarked work. The term “Confidential or Proprietary Information” is not meant to include any information that is in the public domain. Notwithstanding any other terms or conditions to the contrary, the Material Testing Consultant shall return to the School District all of the Confidential and Proprietary Information designated by the School District in Paragraphs 11.1 and 11.3 at the termination of this Contract.

11.2 Non-Disclosure. The Material Testing Consultant and its employees, agents, Subconsultants, and any person or entity acting on its behalf (i) will maintain in strict confidentiality all of the “School District Data,” as defined and set forth in Paragraph 11.3; (ii) will not, without the School District’s written permission, divulge, disclose, communicate, or distribute any of the School District Data to any person or entity except as may be strictly necessary to perform this Contract; (iii) will not, without the School District’s written permission, in any way use any of the School District Data for their businesses or other advantage or gain (except as may be necessary to perform this Contract), including, without limitation, any use of the School District Data in any presentation, demonstration, or proposal to perform services, to the School District or to others, that may be conducted or created as part of their business activities or otherwise; (iv) will use the School District Data solely and exclusively in accordance with the terms of this Contract in order to carry out its obligations and exercise its rights under this Contract; (v) will afford the School District Data at least the same level of protection against unauthorized disclosure or use as the Material Testing Consultant uses to protect its own trade secrets, proprietary information, and other confidential information (but will in no event exercise less than reasonable care and protection); and (vi) will, immediately upon termination or expiration of this Contract, return all School District Data to the School District, destroy any and all copies of any School District Data that are in their possession, whether on paper or in electronic or other form, and if requested by the School District in writing, will certify in writing that there has been full compliance with this Paragraph 11.2.

11.3 School District Data. Except as provided otherwise in Paragraph 11.4, the School District Data shall include any and all of the following, whether in electronic, microfilm, microfiche, video, paper, or other form, and any copies or reproductions thereof:

(a) financial data, records, and information related to the assigned Project(s); and

(b) any Data provided by the School District to the Material Testing Consultant in connection with the Services provided by the Material Testing Consultant; and
(c) any and all other records, documents, computer software (whether owned by the School District or licensed or otherwise furnished to the School District by third parties), and data furnished by the School District to the Material Testing Consultant in relation to the Services required under this Contract; and

(d) all records, documents, data, information, programs, and items of Services created by the Material Testing Consultant for the School District as part of the Services required under this Contract.

11.4 Exclusions. School District Data shall not include any information or data which:

  (a) was known to the Material Testing Consultant prior to the commencement of its performance of this Contract, free of any obligation to keep it confidential, or is proprietary to the Material Testing Consultant; or

  (b) was generally known to the public at the time of receipt by the Material Testing Consultant, or becomes generally known to the public through no act or omission of the School District; or

  (c) was independently developed by the Material Testing Consultant without knowledge or use of any Data of the School District; or

  (d) is required to be disclosed by law or judicial process.

11.5 Remedy for Breach. In the event of any actual or threatened breach of any of the provisions of this Section 11 by the Material Testing Consultant, and in addition to any other remedies that may be available to the School District in law or equity, the School District shall be entitled to a restraining order, preliminary injunction, permanent injunction, or other appropriate relief to specifically enforce the terms of this Section 11. The parties agree that a breach of the terms of this Section 11 by the Material Testing Consultant would cause the School District injury not compensable in monetary damages alone, and that the remedies provided herein are appropriate and reasonable.

Section 12. Disputes.

12.1 Escalation. The parties agree to exercise every reasonable effort to resolve disputes that may arise under this Contract through informal negotiation and cooperation. If the parties are unable to resolve any dispute arising under this Contract, then a party claiming that a dispute has arisen in connection with this Contract or its subject matter will give prompt notice to the other party describing the dispute in reasonable detail. Promptly after receipt of the Dispute Notice, the parties will negotiate in good faith to resolve the Dispute. Either party may escalate the Dispute negotiations to higher level personnel, by notice to the other party, as specified below:

Section 13. Project Stoppage, Suspension or Abandonment.

13.1 Stoppage or Abandonment. The School District may order the Material Testing Consultant, in writing, to stop or abandon all or any part of its Services for the Work assignment(s), for the convenience of the School District, or for work stoppages beyond the control of the School District or the Material Testing Consultant. Any increased costs incurred as a result of the stoppage or abandonment of the Work assignment(s) shall be an equitable amount determined by the School District and the Material Testing Consultant in view of all the facts and circumstances. If, however, the Work assignment(s) is(are) abandoned, the School District shall pay the Material Testing Consultant for all Services performed and Reimbursable Expenses incurred to the date of abandonment in accordance with Paragraph 14.1, Termination for Convenience, of this Contract.

13.2 Suspension for Convenience. The School District shall have the right, at any time during the term of this Contract, to suspend all or any part of the Services, for the convenience of the School District, for the period of time that the School District, in its sole discretion, determines to be in the best interest of the School District, upon thirty (30) days’ prior written notice to the Material Testing Consultant (except that in the event of a public emergency, as determined by the School District, no such period of notice shall be required.).

13.2.1 If a suspension of the Services pursuant to this Paragraph 13.2 is for greater than thirty (30) days, the Material Testing Consultant shall have the right to submit a claim to the School District for the payment of costs for all Services performed and Reimbursable Expenses incurred in accordance with the provisions of this Contract prior to the effective date of the suspension.

13.2.2 The Material Testing Consultant shall be entitled to a one-day extension of the time of performance provided in this Contract for each day that it is suspended pursuant to this Paragraph 13.2.

13.3.3 The School District shall have the right, during the period of any suspension pursuant to this Paragraph 13.2, to terminate this Contract as provided in Section 14, in Section 6, and elsewhere in this Contract.

Section 14. Termination.

14.1 Termination for Convenience.

14.1.1 Termination for Convenience. The School District shall have the right to terminate this Contract, in whole or in part, for the convenience of the School District, that is, for any reason or for no reason at all, at any time, upon thirty (30) calendar days’ prior written notice to the Material Testing Consultant. Such termination for convenience shall be, at the School District’s sole discretion, and without penalty, cost, or liability to the School District.
14.1.2 **Effect of Termination for Convenience or Similar Grounds.**

(a) The Material Testing Consultant shall be entitled to payment from the School District for any Services satisfactorily performed and Reimbursable Expenses incurred in accordance with the provisions of this Contract prior to the effective date of termination.

(b) Whether the termination occurs in the Initial Term or an Additional Term, the Material Testing Consultant shall continue to perform this Contract in accordance with its terms through the effective date of the termination, and shall make diligent efforts to mitigate all costs and losses associated with the termination.

(c) The School District shall incur no liability beyond such stated amount for any Services that are terminated under Paragraph 14.1, *Termination for Convenience*, Paragraph 6.11, *Unavailability of Funds*, or Paragraph 6.12, *Crossing Fiscal Years*. Without limiting the generality of the foregoing, in no event shall the Material Testing Consultant be entitled to receive, or to submit any claim for, any of the following costs directly or indirectly caused by the termination: (i) field or home office overhead; or (ii) costs caused by or related to loss of productivity or loss of profit related to the Services and this Contract, or to any other Contract or services that the Material Testing Consultant performed or could have performed but was prevented from performing because of the termination or its commitment to the Services.

(d) In the event the School District partially terminates this Contract pursuant to this Paragraph 14.1.1, the Material Testing Consultant shall continue to perform this Contract in accordance with its terms with respect to all Services not terminated. The School District shall pay the Material Testing Consultant in accordance with this Contract for Services that are not terminated.

14.2 **Termination for Default.**

14.2.1 **Event of Default.** Each of the following constitutes an Event of Default by the Material Testing Consultant under this Contract.

(a) The Material Testing Consultant’s failure to comply with any material provision, term, or condition of this Contract;

(b) the appointment of a receiver, trustee or custodian to take possession of all or substantially all the assets of the Material Testing Consultant for the benefit of creditors, or any action taken or suffered by the Material Testing Consultant under any federal or state insolvency, bankruptcy, reorganization, moratorium or other debtor relief act or statute, including the Material Testing Consultant’s filing for bankruptcy, and the filing of an involuntary petition against the Material Testing Consultant under the federal bankruptcy code or any similar state or federal law which remains undismissed for a period of forty-five (45) days;

(c) material misrepresentation or material falseness or inaccuracy of any representation or commitment of the Material Testing Consultant contained in this Contract, or in any other document submitted to the School District by the Material Testing Consultant in
relation to the Services, the RFP, or the Proposal, or otherwise by the Material Testing Consultant directly or indirectly to the School District in connection with the School District’s decision to execute, deliver and perform this Contract;

(d) failure of the Material Testing Consultant to provide, within five (5) business days, assurance reasonably acceptable to the School District that it can perform the Work in conformity with the terms of the Contract if (1) the School District has a reasonable basis to believe at any time during the term of the Contract that the Material Testing Consultant will not be able to perform the Work, and (2) the School District demands in writing assurance of the Material Testing Consultant’s performance;

(e) misappropriation by the Material Testing Consultant of any funds provided under this Contract or failure by the Material Testing Consultant to notify the School District upon discovery of any misappropriation;

(f) indictment of or other issuance of formal criminal charges against the Material Testing Consultant or any of its directors, employees or agents or any of the directors, employees or agents of a Subcontractor or any criminal offense or any other violation of Applicable Law directly or indirectly relating to this Contract or the Work or Services required under this Contract, or which adversely affects the Material Testing Consultant’s performance of this Contract in accordance with its terms, whether or not a court of law or other tribunal ultimately accepts a verdict or plea of guilty or no contest regarding the charged offense;

(g) disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction over the capital project(s) or the Services;

(h) debarment or suspension of the Material Testing Consultant or any director, agent, or employee or any person controlling, under common control with, or controlled by, the Material Testing Consultant under a federal, state or local law, rule or regulation;

(i) failure by the Material Testing Consultant to comply with any term, covenant or condition set forth in Paragraph 16.18, Tax Compliance, or the breach of any of the Material Testing Consultant’s representations and warranties set forth in Paragraph 3.2, Material Testing Consultant’s Representations, Warranties and Commitments.

14.2.2 Notice and Cure. If the Material Testing Consultant commits or permits an Event of Default, the School District shall notify the Material Testing Consultant in writing of its determination that an Event of Default has occurred, and shall specify in reasonable detail the nature of the Default. Except for the breaches set forth in subparagraphs (b) through (i) of this Paragraph 14.2, the Material Testing Consultant shall have ten (10) business days from receipt of that notice to correct the Event of Default. If the Event of Default is not cured within that time period, the School District may terminate this Contract by providing the Material Testing Consultant with written notice of Termination for Default. The School District may extend such time period, at its sole discretion, if there is evidence of the Material Testing Consultant’s good faith effort to cure the Event of Default within such time period. No notice from the School District or period of cure shall be required before invoking the remedies described in Paragraph
14.4, Additional Remedies of the School District, of this Contract if: (1) the Material Testing Consultant has temporarily or permanently ceased performing the Work; (2) an emergency has occurred relating to the Work, and that emergency requires immediate exercise of the School District’s rights or remedies, as determined by the School District in its sole discretion; (3) the School District has previously notified the Material Testing Consultant more than once in the preceding twelve (12) month period of any Event of Default under this Contract; (4) an Event of Default occurs as described in Paragraphs 14.2.1(e), (f), or (h); or (5) the Material Testing Consultant breaches any of its obligations under Paragraph 16.13, Background Checks (Criminal, Child Abuse and FBI), or Paragraph 8.4, Non-Discrimination. Nothing set forth in this Paragraph shall limit the School District’s rights under Paragraph 14.5, Additional Remedies of the School District.

14.3 Termination Duties. Upon receipt of a Termination Notice from the School District, the Material Testing Consultant shall take immediate action toward the orderly discontinuation of Services under this Contract. The Material Testing Consultant shall exercise due care and caution to protect and secure completed Work. Upon expiration or termination of this Contract, the Material Testing Consultant shall be responsible for taking all actions necessary to accomplish an orderly discontinuation of performance of Services, and for collecting, assembling, and transmitting to the School District, at the Material Testing Consultant’s sole expense, all materials, reports, estimates, data, and other documentation which were obtained, prepared or developed as part of the Services required under this Contract. Materials, reports, estimates, data and documentation shall be clearly labeled and indexed, to the satisfaction of the School District, and delivered to the School District by the Material Testing Consultant, within thirty (30) calendar days after receipt of a Termination Notice from the School District, or in such shorter period as the School District may specify in its Termination Notice.

14.4 Consent to Use of Another Material Testing Consultant upon Termination for Default. If the Material Testing Consultant is performing architectural design services as may be incidental to its roofing analysis and roofing design services, then in the event of termination under this Contract due to the default of the Material Testing Consultant, the Material Testing Consultant consents to the School District’s selection of another Material Testing Consultant of the School District’s choice to assist the School District in any way in completing the assigned Project(s). The Material Testing Consultant further agrees to cooperate and provide any information requested by the School District in connection with the completion of the assigned Project(s). The Material Testing Consultant authorizes the making of any reasonable changes to the design of the assigned Project(s) by the School District and such other Material Testing Consultant as the School District may desire. In the event that another Material Testing Consultant is selected or changes are made to the design of the assigned Project(s), the School District agrees to indemnify and hold harmless the Material Testing Consultant and its officers and employees from any liability arising from use and changes to the design and design documents, including costs of litigation, reasonable attorneys’ fees and time spent by the Material Testing Consultant and its Subconsultants attending depositions and court proceedings.

14.5 Additional Remedies of the School District. In the event the Material Testing Consultant commits or permits an Event of Default, the School District may, in its sole
discretion, exercise one or more of the following remedies, in addition to or in lieu of the termination remedy provided in Paragraph 14.1:

(a) terminate this Contract in part only, in which case the Material Testing Consultant shall be obligated to perform this Contract to the extent not terminated; or

(b) perform (or cause a third party to perform) the Services and this Contract, in whole or in part, including, without limitation, obtaining or paying for any required insurance or performing other acts capable of performance by the School District. The Material Testing Consultant shall be liable to the School District, as damages, for all sums paid by the School District and all expenses incurred by the School District (or a third party) pursuant to this Paragraph 14.5, together with interest at the prime rate of interest as published from time to time by the Wall Street Journal, plus five percentage points (5.0%), from the date of the School District’s incurring of such costs. The School District shall not in any event be liable for inconvenience, expense, loss of profits, or other damage incurred by the Material Testing Consultant by reason of such performance or paying such costs or expenses, and the obligations of the Material Testing Consultant under this Contract shall not be altered or affected in any manner by the School District’s exercise of its rights under this Section 14; or

(c) withhold payment of, or offset against, any funds payable to or for the benefit of the Material Testing Consultant; or

(d) collect, foreclose or realize upon any bond, collateral, security or insurance provided by or on behalf of the Material Testing Consultant; or

(e) exercise any other right or remedy it has or may have at law, in equity, or under this Contract, including but not limited to a legal action for breach and damages against the Material Testing Consultant; and, in addition to, and not in lieu of, the foregoing remedies, the School District shall have the right to stop the Services or any portion thereof in the event the Material Testing Consultant fails to remedy any defects in any of the Services, or commits or permits any other event of default, following written notice by the School District, or fails to carry out any portion of the Services in accordance with this Contract, by issuing its written Stop Work Order, which shall be signed by the Interim Chief Operations Officer/Director of Capital Programs or Operations Manager of Capital Programs. Any Stop Work Order shall state in reasonable detail the cause(s) for its issuance. Upon receiving a stop work order, the Material Testing Consultant shall immediately cease working on that portion of the Services specified in the Stop Work Order until the School District notifies the Material Testing Consultant in writing that the cause for the Stop Work Order has been eliminated, and directs the Material Testing Consultant in writing to resume the Services. The Material Testing Consultant shall resume the Services immediately upon receipt of such written notice from the School District.

14.5.1 Specific Performance. The Material Testing Consultant’s Work represents unique services not otherwise readily available to the School District. Accordingly,
the Material Testing Consultant acknowledges that, in addition to all other remedies, the School District shall have the right to enforce the terms of this Contract by a decree of specific performance or an injunction, or both, restraining a violation, or attempted or threatened violation, of any term, covenant or condition set forth in this Contract.

14.6 Concurrent Pursuit of Remedies; No Waiver or Duty to Exercise. The School District may exercise any or all of the remedies set forth in this Section 14, each of which may be pursued separately or in connection with such other remedy or remedies as the School District, in its sole discretion, shall determine. The School District may in its sole discretion elect not to exercise any of the remedies set forth in Section 14 and may permit the Material Testing Consultant to continue to perform the Work. No extension or indulgence granted by the School District to the Material Testing Consultant shall operate as a waiver of any of the School District’s rights in connection with this Contract. The rights and remedies of the School District as described in this Section 14 and elsewhere in this Contract shall not be exclusive and are in addition to any other rights or remedies available to the School District under this Contract, at law, or in equity. Nothing contained in this Section 14 shall create a duty on the part of the School District to exercise any of the rights granted to it hereby for the benefit of the School District, or for the benefit of the Material Testing Consultant, or any person or entity other than the School District.

Section 15. Certification Regarding Debarment, Suspension and Ineligibility.

15.1 Certification. By signing this Contract, in addition to binding itself to the terms and conditions of this Contract, the Material Testing Consultant hereby certifies for itself, its principals and including, without limitation, its Subcontractors, if any, that none of them, nor any other person controlling, controlled by, or under common control with, the Material Testing Consultant, are presently debarred, suspended, proposed for debarment, declared ineligible for contracts, bids, requests for proposals or contract awards, or voluntarily excluded from performing the services under this Contract by any Federal government or Commonwealth of Pennsylvania or City department or agency or any school district.

15.2 Explanation. In the event the Material Testing Consultant is unable to certify to any of the statements in the above certification, the Material Testing Consultant shall provide an immediate written explanation to the School District administrator named in Paragraph 7.1 of this Contract.

15.3 Notice. The Material Testing Consultant shall provide immediate written notice to the School District administrator named in Paragraph 7.1 of this Contract if at any time, during the term of this Contract, the Material Testing Consultant learns that the above certification was erroneous when the Material Testing Consultant signed this Contract or subsequently became erroneous by reason of changed circumstances.

15.4 Remedies. If the Material Testing Consultant is unable to certify to any statements in the above certification, or has falsely certified, then in that event the School District, at its sole discretion, may immediately terminate this Contract without any liability or obligation of the
School District to the Material Testing Consultant, and the Material Testing Consultant shall reimburse the School District for any and all reasonable costs incurred by the School District as a result of any investigation by the federal government or the Commonwealth of Pennsylvania concerning the Material Testing Consultant’s compliance with the terms and conditions of this Contract that results in the debarment or suspension of the Material Testing Consultant.

15.5 Compensation. If the compensation paid to the Material Testing Consultant is derived from federal government or Commonwealth of Pennsylvania grant funds, the Material Testing Consultant must bill the School District for any outstanding compensation owed to the Material Testing Consultant within thirty (30) days after the ending date of this Contract, as set forth in Section 2 (Term of Contract). In the event the Material Testing Consultant does not bill the School District for the balance of any compensation within said 30-day time period, the School District, in its sole discretion, reserves the right to withhold payment of the balance of the compensation to the Material Testing Consultant because of the unavailability of federal government or Commonwealth of Pennsylvania funds, in which event the School District shall not be liable to the Material Testing Consultant for the balance of the compensation.

15.6 Survival. This Section 15 shall survive termination of this Contract.

16.3 Forum; Consent to Jurisdiction. The parties agree that when any dispute between the parties cannot be amicably resolved and resort is made to legal action, any lawsuit, action, claim, or legal proceeding involving, directly or indirectly, any matter arising out of or related to this Contract, or the relationship created or evidenced thereby, shall be brought exclusively in a federal or state court of competent jurisdiction in and only in Philadelphia County, Pennsylvania. 16.5 School District Liability; Responsibility or Risk of Loss. Notwithstanding any other provisions of this Contract or any Addenda or Exhibits to the contrary, the School District, its officers, employees and agents and the members of the School Reform Commission and the Board of Education retain their statutory governmental, official and any other immunity as provided pursuant to the Applicable Law, including 42 Pa C.S.A. §§8501 and 8541 et seq., and do not waive the defenses of governmental and official immunity or any other defenses or immunities available to it or any of them.

The School District does not waive for itself or for its officers, employees, agents, or for the members of the School Reform Commission and Board of Education, any other defenses or immunities available to it or any of them.

16.6 **Compliance with Laws and Regulations.** All services performed and documents prepared by the Material Testing Consultant shall strictly conform to all federal, state, and local laws, statutes, codes, and ordinances and the applicable rules, regulations, policies, methods and procedures of the School District and all governmental bodies, boards, bureaus, offices, commissions, and other agencies.

16.7 **Publicity.** Neither the School District nor the Material Testing Consultant shall publicize this Contract or the Services, or attribute any comments or views about this Contract or the Services to employees or agents or officials of the other party, by press conference, press release, advertising or public relations materials without the prior written consent of the other party, which consent shall not be unreasonably withheld; provided, however, that nothing in this Paragraph 16.7 shall be construed to prohibit either party from making any disclosure relating to this Contract or Services that is required under federal or state securities laws or state or local election laws, or to prohibit either party from publicizing, with reasonable prior notice to the other party, the fact that this Contract has been entered into, the subject matter of this Contract, or the amount of this Contract. Except as may be required for its performance of this Contract, or as mutually agreed by the School District and the Material Testing Consultant, the Material Testing Consultant shall refer all press and public inquiries regarding the Work assignment(s) to the School District’s designated representative during the term of this Contract. At any time thereafter, the Material Testing Consultant may respond to press and public inquiries regarding the Work assignment(s) following notice to the School District’s designated representative. During the term of this Contract, the Material Testing Consultant shall provide reasonable assistance to the School District in public relations activities, and shall prepare appropriate information for, and when requested, attend public meetings regarding the Work assignment(s).

16.8 **General Publication Rights.** The Material Testing Consultant agrees with regard to publication of reports, studies, or other works developed in the course of this Contract as a result thereof, that the publication will not contain information supplied to the Material Testing Consultant by the School District which is confidential, or which identifies students, employees, or officers of the School District by name without first obtaining their written consent. The School District shall be allowed to review and suggest revisions to any proposed publication in which it is named for thirty (30) calendar days prior to submission for publication. Title to and the right to determine the disposition of any copyrights and copyrightable materials first produced by the Material Testing Consultant as a result of performance of this Contract shall remain with the Material Testing Consultant.

16.9 **Conflict of Interest.**

16.9.1 **Disclosure of Conflict of Interest.** The Material Testing Consultant represents, warrants and covenants that it has no public or private interest which does or may conflict in any manner with the performance of the Work and that neither it, nor any of its directors, officers, members, partners, employees or Subconsultants, has or shall during the Term
acquire, directly or indirectly, any such interest. The Material Testing Consultant shall promptly and fully disclose to the School District’s Contract Administrator all interests which may constitute such a conflict.

16.9.2 Improper Gift; Improper Relationship. 16.20 No Third Party Beneficiaries. Nothing in this Contract, express or implied, is intended or shall be construed to confer upon or give to any person, firm, corporation, or legal entity, other than the Material Testing Consultant and the School District, any rights, remedies, or other benefits under or by reason of this Contract.
