March 1, 2019

Dear U School at Ferguson Community,

As a part of the School District of Philadelphia’s effort to provide students and staff with safe, accessible and appealing drinking water, 19 water outlets at your school were tested for lead on November 28th, 2018. Of those outlets, 17 outlets produced water that was below the action level of 10 ppb. Two (2) water outlets were found to have results above the water safety threshold and these outlets were immediately shut-off.

Below outlines the confirmed corrective action steps that were taken for those five water outlets that tested above the action limit.

<table>
<thead>
<tr>
<th>Sample Date</th>
<th>Floor</th>
<th>Outlet Number</th>
<th>Outlet Type</th>
<th>Outlet Description</th>
<th>Lead Result (ppb)</th>
<th>MDL (ppb)</th>
<th>PQL (ppb)</th>
<th>Confirmed Corrective Action Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>11/28/2018</td>
<td>2</td>
<td>5</td>
<td>WF</td>
<td>Inside 2nd floor main office</td>
<td>46.6</td>
<td>0.3</td>
<td>1.0</td>
<td>Replaced with HS</td>
</tr>
<tr>
<td>11/28/2018</td>
<td>0</td>
<td>17</td>
<td>WF</td>
<td>Across from Boys RM right</td>
<td>54.1</td>
<td>0.3</td>
<td>1.0</td>
<td>Removed and cap off</td>
</tr>
</tbody>
</table>

Notes:

AA = Above Action limit of 10 ppb  
BA = Below Action limit of 10 ppb  
MDL = Method Detection Limit  
PQL = Practical Quantitation Limit  
J = Result estimated below the PQL  
< = not detected above PQL  

ppb = parts per billion

Outlet Types:

WF= Water Fountain/Bubbler  
HS= Hydration Station/Bottle Filling Station  
FT= Faucet/Tap  
FP - Food Prep/Pot-Filler/Kitchen Kettle  
IM - Ice-Maker

All fixtures replaced with Hydration Stations have passed subsequent testing and are turned on for use.

The School District will test the drinking water at your school every five years and share the results through a letter and also post the results on the District’s website. If you wish to review the results from your school and for more information, you may visit the District’s website at: www.philasd.org/waterresults.

Sincerely,

Francine Locke, MS  
Enterprise Director
