Addendum No. 01

Subject: W.T. Comly Elementary School Window Replacement
SDP Contract No. B-142C of 2017/18

Location: W.T. Comly Elementary School, 1001 Byberry Road, Philadelphia, PA 19116

This Addendum dated September 14, 2021, shall modify and become part of the Contract Documents for the work of this project. Any items not mentioned herein shall be performed strictly in accordance with the original documents, as modified by prior addenda, if any.

1. Window Manufacturers- Can additional manufacturers be added?

Fox Chase and James Sullivan had the following. Can we use them?

2.01 MANUFACTURERS

- A. Basis of Design: Graham Architectural Products; GT6823F: www.grahamwindows.com.
- B. Other Acceptable Manufacturers - Aluminum Windows:
 - 1. EFCO Corp; 325X: www.efcocorp.com
 - 2. TRACO: www.traco.com/#sle.
 - 3. Wausau Window and Wall Systems: www.wausauwindow.com/#sle.

A: Due to the unique requirements of this particular installation, it was decided NOT to name additional acceptable manufacturers.

Proposed substitutions are not considered during the bidding period.

At the time of their required shop drawing and other submittals, Contractors may submit any product or equipment they believe to be equivalent in function and performance to the basis of design product or equipment, but it is considered to be a substitution, per INSTRUCTIONS TO BIDDERS, 6 (C) and General Conditions, Article GC-4.23 SUBSTITUTIONS (OR EQUAL).

In doing so, they assume the risk that their proposed substitution will be approved; and if not, they agree to provide the basis of design product or equipment at no increase in cost.

2. Due to the limited scope of work, windows and masonry repair, can the mbe/wbe requirements be reduced to a combined requirement?

A: The MBE/WBE Participation Requirements have been modified to a Single Combined Goal of 15-20 % MBE/WBE Participation.

End of Addendum 01
