PRE-REGISTRATION (2018)

THE SCHOOL DISTRICT OF PHILADELPHIA
This Free Sports Physicals Event is Sponsored by the Office of Athletics & the Athlete Health Organization (AHO)

IF YOU ARE MAKING MULTIPLE COPIES - PRINT SINGLE SIDED ONLY

PUBLIC, CHARTER & CATHOLIC/PAROCHIAL SCHOOLS ARE WELCOME!!!

SUNDAY, JUNE 10, 2018
Wells Fargo Center
3601 S Broad St, Philadelphia, PA 19148

P.I.A.A. REQUIRED FORMS FOR STUDENT ATHLETES
MANDATORY ATHLETIC FORMS ~ COMPREHENSIVE MEDICAL EXAM ~ PARENTAL PERMISSION FORMS
(THES FORMS ARE ONLY FOR SCHOOL YEAR 2017-2018)

SCHOOL NAME ________________________________

*Please enter the school that you currently attend*

STUDENT NAME ________________________________ ID# ____________

PRINT SINGLE SIDED ONLY

ALL FORMS SHOULD IMMEDIATELY BE COMPLETED AND RETURNED BACK TO THE ATHLETIC DIRECTOR AT YOUR SCHOOL.
TRANSPORTATION MAY BE REGIONALLY ARRANGED FOR ALL PUBLIC SCHOOLS PENDING ON # OF RETURNED FORMS.
GROUP TIMESLOTS WILL BE ASSIGNED TO ALL SCHOOLS AND COMMUNICATED TO THE ATHLETIC DIRECTOR.

Please Note: This examination is NOT a substitute for a yearly physical exam performed by your Family Doctor or Internist.
Dear Parent/Guardian:

The School District of Philadelphia in partnership with the Athlete Health Organization (AHO) is pleased to offer FREE comprehensive physicals and medical screenings to all student-athletes of Public, Charter, and Parochial/Catholic Schools.

The physical exams are required by the Pennsylvania Interscholastic Athletic Association (PIAA) for all student-athletes interested in participating in any school sports activities.

The School District of Philadelphia has been fortunate to make this an annual event. The next scheduled screening date is Sunday, June 10, 2018 at the Wells Fargo Center located at 3601 S Broad St, Philadelphia, PA 19148.

A packet for each student (along with a parent/guardian signature) is required prior to implementing the screening. A parent/guardian does not have to be present with the student athlete if a parent/guardian signature is provided on the requested documents.

It is best that the entire packet is entirely completed and returned back to the Athletic Director (AD) at the school who will, in turn, submit all forms to our office. The AD will receive further instructions regarding a group time slot and transportation. If the student athlete is not arriving with a group, he/she may individually go through the screening during an earlier hour.

Please complete all forms included. All forms are REQUIRED

Page 1 - Write School Name, Student Name and ID
Page 2 - Parent/Guardian Check list- no signatures required
Pages 3 & 4 - School District Consent Form- Parent/Guardian signature required on page 4
Page 5 - AHO release form - Parent/Guardian signature required
Page 6 - Student information (please fillout completely)
Page 7 - (4) Parent/Guardian signatures required
Page 8 - (1) Student and (1) Parent/Guardian signature required
Page 9 - (1) Student and (1) Parent/Guardian signature required
Page 10 - (1) Student and (1) Parent/Guardian signature required
Page 11 - Fill in Student information at the top of the form

MAKING MULTIPLE COPIES???
PRINT SINGLE SIDED ONLY

Contact the Office of Athletics if you have any questions. (215) 400- 4190

*ALL PACKETS SUBMITTED IN ADVANCE WILL BE PRESCREENED BY PARTNERING PHYSICIANS*
Dear Parent or Guardian:

The School District of Philadelphia (the “School District”) offers your child, ________________________ (student’s name, the “Student”) the opportunity to receive physical and medical screenings and evaluations in connection with his or her participation in interscholastic athletics in the School District and the Pennsylvania Interscholastic Athletic Association (the “PIAA”), including competition in PIAA Division XII, which includes the public, charter and Diocesan schools in Philadelphia, and other PIAA competition throughout the Commonwealth.

The PIAA requires certain physical and medical screenings and evaluations before students may participate in PIAA interscholastic competition. The School District will work with partnering local medical providers to offer these physical and medical screenings and evaluations at no cost to the Student and others.

The School District asks for your consent to permit your child to participate in physical and medical screenings and evaluations offered by the School District and others.

CONSENT AND PERMISSION

I am the parent or guardian of the Student, a minor and a student at ________________________, School in the School District.

For myself and the Student, I hereby give permission to the School District to offer and carry out certain physical and medical screenings and evaluations in order to establish the Student’s eligibility to participate in PIAA-sponsored athletic competition. I understand that I do not have to give my consent, and that I can make other arrangements, if I want, to provide the necessary physical and medical screenings and evaluations in connection with participation in PIAA-sponsored athletics, including going to a doctor of my own choosing. I also understand that I can and should consult a doctor of my own choosing in the event these physical and medical screenings and evaluations indicate any condition or concern regarding the Student’s health. I understand that these are screenings and evaluations only, and not treatment of any medical conditions.
I understand the risks of physical and medical screenings and evaluations, and give my consent and permission after I have considered these risks, which include the possibility that screenings and evaluations may not identify a medical condition.

By signing below, I agree that I understand this Consent and Permission form and that if I have any questions in connection with this form I have had the opportunity to call 215.400.4190, The School District of Philadelphia Division of Athletics to discuss any questions.

____________________________________  ______________________

mere recital.

I further state that I have carefully read the forgoing Release, know the contents thereof, and sign the same as my own free 
act. Signed, sealed and delivered this,_________day of__________, 2018.

Student age 18 or Student’s Parent/Guardian __________________________________________

Telephone Number:
INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal’s designee, of the student’s school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the current spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal’s designee, of his or her school. The Principal, or the Principal’s designee, will then determine whether Section 8 need be completed.

B. Understanding of eligibility rules: I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

C. Disclosure of records needed to determine eligibility: To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

D. Permission to use name, likeness, and athletic information: I consent to PIAA’s use of the herein named student’s name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

E. Permission to administer emergency medical care: I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians’ and/or surgeons’ fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school’s athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

F. CONFIDENTIALITY: The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school’s athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Section 3: Understanding of Risk of Concussion and Traumatic Brain Injury

What is a concussion?
A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been “dinged” or “had their bell rung.”

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?
Concussions cannot be seen; however, in a potentially concussed student, one or more of the symptoms listed below may become apparent and/or that the student “doesn’t feel right” soon after, a few days after, or even weeks after the injury.

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents. Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- The student should be evaluated. A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- Concussed students should give themselves time to get better. If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
  The right equipment for the sport, position, or activity;
  Worn correctly and the correct size and fit; and
  Used every time the student Practices and/or competes.
- Follow the Coach’s rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don’t hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian’s Signature __________________________________________________________Date____/____/_____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?
Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart’s electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?
There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?
Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?
There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)
The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.
- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may also hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play
- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.
