

# OPPORTUNITY SCHOLARSHIP

## USciences Opportunity Scholarship

As the cost of higher education continues to be a barrier to many students in need, University of the Sciences is opening the door to rewarding careers in science and healthcare with our new **USciences Opportunity Scholarship**. This scholarship makes tuition one less hurdle on the road to success for eligible Philadelphia high school students who otherwise might find a university degree to be unaffordable.

**After federal and state grant funding has been awarded, the USciences Opportunity Scholarship will cover 100 percent of the remaining tuition and general fee\* for the first four years of your program of study.**

### To qualify, interested students must be:

- Accepted into USciences. Upon successful acceptance to USciences, eligible students will be sent relevant application and verification forms.
- A Federal Pell Grant eligible student.
- A Philadelphia resident, and preference may be given to residents in the immediate vicinity of USciences' campus in the 19104, 19139, 19143, 19145, and 19146 zip codes.

### To apply, interested students should:

- Complete a USciences application or a Common Application.
- Submit a Free Application for Federal Student Aid (FAFSA®). In addition, certain tax documents will be required to verify your Pell Grant eligibility.
- Write a supplemental essay. In 200 words or less, please describe a future career goal and how a USciences education will help you to reach that goal. Essay must be emailed to [admit@usciences.edu](mailto:admit@usciences.edu) with the subject "Opportunity Scholarship" no later than March 1. Awardees will be notified by March 15 with an April 1 deadline for acceptance of offer.

**Questions? Please contact the Office of Admission at 888-996-8747 or [admit@usciences.edu](mailto:admit@usciences.edu).**
