

Hello Comly Community,

If your child currently receives Speech Therapy services at our school, please feel free to contact me directly at amenuau@philasd.org.

I am available to you, via email, as a resource for information regarding how you may be able to help your child maintain speech and language progress while at home.

I will do my best to address your questions and concerns regarding your child's speech, and I may be able to offer useful activities and exercises, direct you to helpful websites, or in some cases, electronically provide limited materials.

I will reply to your email as quickly as possible, but please keep in mind that I currently have 60 students on my caseload. Response times will vary, depending upon the complexity and needs of each communication received.

Thank you. Please let me know if I can be of service.
