

Mathematics Instructional Resources – Big Ideas Math

Online Access

Below is a link to the Big Ideas Math self-registration user guide and the access code teachers will need to register:

<https://help.bigideasmath.com/hc/en-us/articles/208630597-Self-Registration-User-Guide>
Access Code: HBPS-K8BT-TBB7

Important: Do not give this access code to students. Students will need a *separate* access code to login to their portal, which is generated when a teacher creates a class.

Teachers and students will establish their login credentials by following the steps listed:

Teacher Instructions

- Visit www.bigideasmath.com
- Click New to Big Ideas Math
- Enter your access code and click Next
- Fill out the required information and click Next
- Login with your username (email address) and password
- The Class Management screen will appear. Click Add Class.
- Fill out the required information and click Save.
- A unique access code will be generated for each class. Please provide this code to your students.

Student Instructions

- Visit www.bigideasmath.com
- Click New to Big Ideas Math
- Enter your access code and click Next
- Fill out the required information and click Next
- Write down your username and click Next
