What is your School's vision (i.e., a picture of the "preferred future"; a statement that describes how the future will look if the district fulfills its mission.)

The Stephen Decatur School will provide quality instruction through a collaborative effort to ensure ALL students graduate from eighth grade ready for high school and beyond. We will grow as leaders continuously aspiring to achieve our greatest potential and establishing the collaborative nurturing environment necessary to affect positive change while influencing a better world for all.

Comprehensive Plan: Strategies and Action Steps

Evidence Based Strategy #1:					
MTSS (Focus: Tiers II/III Academics)					
Select Any Applicable Goals	Why Statement	Goal Statement	Essential Practice		
Board Goal 1	Because teachers previously lacked a formal framework to assist students with completing Text Dependent Analysis questions, students lacked the analytical skills to relate evidence back to the question being asked, resulting in critical points lost on a major section of the ELA PSSAs. We have introduced this strategy in grades 6-8 with some success already, and now it needs to be reinforced and expanded to grades 3-5.	Grade 3-8 students proficient on ELA PSSA will grow from 35.7% in August 2019 to 65.0% by August 2026.	EP04: Identify and address individual student learning needs		
Board Goal 2	Because meaningful small group instruction has been so difficult in the virtual mode, we have not been differentiating effectively, and relying too much on group lesson plans with K-3 ELA, which is resulting in some high-performing students not being academically challenged.	3rd grade students proficient on ELA PSSA will grow from 32.5% in August 2019 to 62.0% by August 2026.	EP04: Identify and address individual student learning needs		
Anticipated Outputs (link out to EP Look Fors)			Monitoring/Evaluation		
A writing plan for K-8 students with vertical alignment, building on prior year's skills and incorporating new grade level skill progressions, training students to write for analysis in earlier grades, evident in lesson plans, assignments, and assessments. Text Dependent Analysis questions will be utilized throughout the year, scored by peer teachers, and assessed for re-teaching of writing strategies. Imagine Learning (or another intervention) will be utilized to track student achievement and progress monitor interventions.			Bi-weekly hour-long learning team meetings (PLCs) review grade-level teacher-designed assessments, develop lesson plans, conduct grade-level data analysis, and develop reteaching strategies as needed. These meetings, as well as weekly MTSS meetings, are used to review nationally-normed assessments (e.g. aimsweb, Star, Lexia) to determine the standards which students are struggling with. Quarterly, assessment data is shared with the entire school as a review of progress.		
Action Steps	Anticipated Start Date	Anticipated Completion Date	Lead Person/Position	Materials / Resources Needed	PD Step?
Revisit roster for 2021-2022 to see if PLCs can occur with greater frequency, with the idea that 45-minutes every 2 weeks is insufficient.	7/1/21	8/20/21	Principal and Assistant Principal		N
Pursue options for professional development for School-Based Teacher Leader around evaluating the effectiveness of instructional strategies/practices, educational resources and interventions, closure routines, and means to facilitate student discourse.	8/1/21	6/30/22	Assistant Principal, School-Based Teacher Leader	Central Office or Network academic support	Y
Conduct formalized professional development around the standards, and teacher-designed formative and diagnostic assessments, initially during August PD and then throughout year on half-days.	8/20/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)	Network/District support (e.g. PLS)	Y
Hold articulation meetings at end of August between current and prior year teachers, to review performance data from 20-21 and prior years, and determine students in need of additional support.	8/30/21	9/30/21	Principal and Assistant Principal		N
Utilize bi-weekly learning team meetings, or professional development half-days, to conduct targeted PD around checking for understanding and the use of informal formative assessments to identify student need, adapt lessons, and create flexible small group interventions.	8/30/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)		Y
Daily, during common prep time, teachers participate in lesson plan design.	8/30/21	6/30/22	Classroom teachers		N
Conduct annual Professional Development, during afterschool PD and also hour-long learning team meetings (PLCs), focused on a writing plan for K-8 students, fully vertically aligned across grades, so that skills specific to written/constructed responses become the norm for all teachers, embedded into lesson plans. Ensure that teachers bring writing samples both to norm scoring practices, but also facilitate a multi-year understanding for teachers around writing skills.	8/30/21	6/30/22	School-Based Teacher Leader		Y
Utilize PLCs and Professional Development to develop lesson plans, assignments, and assessments with an approach to writing across disciplines (e.g. Math, Science, Social Studies), embedding writing into lesson plans and formative assignments.	8/30/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)	Classroom Teachers	Y
Develop metrics to progress monitor student achievement and growth in writing skills and standards, for purpose of developing and implementing effective re-teaching strategies around writing.	8/30/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)	STAR Mastery, Growth and Progress Monitoring , STAR skill checks, Aimsweb & Data monitoring tools	Y
Provide coaching in literacy through partially released SBTL for grades K-8 to develop, plan and implement appropriate and effective grade level writing strategies and tasks. Within the grade level teams, develop differentiated teaching (and re-teaching) strategies for small group instruction using grade appropriate metrics.	8/30/21	6/30/22	School-Based Teacher Leader/ Grade Level Teams	Classroom Teachers	Y
Implement an analytical writing progression across grades and disciplines based on the Jane Schaffer framework that develops writer's focus, use and collection of evidence, and analytical commentary as a basis for academic writing. Focus on grades 4 & 5, implementing the same model and language which has been used in other grades in prior years.	8/30/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)	Classroom Teachers	Y
Develop monthly TDA questions and tasks and provide time for moderation and discussion, during PLCs and Learning Team meetings. Score student work by teachers who swap within the grade team. Allow time for vertical alignment with teachers who can provide context in terms of past and future skills.	8/30/21	6/30/22	School-Based Teacher Leader/ Grade Level Teams	Network Support (K-3 Literacy and Network PLS)/Classroom Teachers/Grade Level Teams	N
During modeled writing practice in the Literacy Block, teachers embed analytical writing strategies within close-reading practices, so that students have a greater understanding of text and can break down more sophisticated and multi-layered writing prompts. (As needed, School-Based Teacher Leader will model this strategy for classroom teachers).	8/30/21	6/30/22	Classroom Teachers / School-Based Teacher Leader	Classroom Teachers	N
During PLC time and school-based Professional Development, develop monthly writing goals within the grade level that are aligned to a multi-year scope and sequence (i.e. considerations towards past year and future year skills). Ensure a focus on cohesion between reading and writing strategies, particularly in the area of analysis of text	8/30/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)	Classroom Teachers	N
Hold bi-weekly hour-long learning team meetings (PLCs) to review grade-level teacher-designed assessments, develop lesson plans, conduct grade-level data analysis, and develop reteaching strategies as needed. Utilize nationally-normed testing data (e.g. aimsweb, Star, Lexia), reviewing results to determine the standards which students are struggling with.	9/15/21	6/30/22	School-Based Teacher Leader (for ELA) / Assistant Principal (for Math) / Principal (for K-3 Early Literacy)	Classroom teachers	N
Hold weekly MTSS meetings to review performance and progress monitoring data for identified students. MTSS team makes recommendations for Professional Development for teachers.	9/15/21	6/30/22	SPECM and Counselor	at least 1 member of admin (Principal, AP)	N
Conduct twice-annual "tune up" professional development around interventions (e.g. Imagine Learning, Imagine Math) to ensure effective utilization, teacher understanding of student data reports, and the development of effective lessons / flexible groups based on data analysis.	11/1/21	6/30/22	Assistant Principal	Imagine Learning consultants/trainers	Y

Math Framework (Focus: Tier I Academics)					
Select Any Applicable Goals	Why Statement	Goal Statement	Essential Practice		
Board Goal 3	Because teachers did not have a fully developed understanding of the core standard requirements, and a good understanding of how prior years' work relates to this year, and also to future years, we had been unable to move our lowest 33% in Math.	Grade 3-8 students proficient on Math PSSA will grow from 21.5% in August 2019 to 52.0% by August 2026.	EP 01: Align curriculum, assessments, and instruction to the PA Standards		
Anticipated Outputs (link out to EP Look Fors)			Monitoring/Evaluation		
Lesson plans and assessments reflect a rigorous understanding of the Math frameworks and standards, with utilization of differentiation and flexible re-grouping of students for intervention and support. PLCs and Professional Development are focused on a deeper understanding of Mathematics for teachers, with agendas and minutes stored in Google Drive. Imagine Learning (or another intervention) will be utilized to track student achievement and progress monitor interventions. Select Any Applicable Goals	Why Statement	Goal Statement	Essential Practice		
Additional Goal 1	If we implement an evidence-based system of schoolwide positive behavior interventions and supports, we will be able to address chronic non-attendance and climate issues and program effectively for welcoming students back from over a year in virtual education.	At least 65% of students will attend school 95% of days or more.	EP12: Implement an evidence-based system of schoolwide positive behavior interventions and supports. "This essential practice should only be considered for schools that have been selected and trained as a "PBIS School" through the Office of Student Support Services.		
Additional Goal 2	If we implement an evidence-based system of schoolwide positive behavior interventions and supports, we will be able to address chronic non-attendance and climate issues and program effectively for welcoming students back from over a year in virtual education.	At least 98% of students will have zero out-of-school suspensions (100% of K-2 will have zero-out-of-school suspensions).	EP12: Implement an evidence-based system of schoolwide positive behavior interventions and supports. "This essential practice should only be considered for schools that have been selected and trained as a "PBIS School" through the Office of Student Support Services.		
Anticipated Outputs (link out to EP Look For)				Monitoring/Evaluation	
Staff will display their familiarity with the PBIS Program, in terms of delivering praise, incentives, their familiarity with the behavior management flow chart, and the praise-to-correction ratio, both in lesson plans and classroom management. A reduction in Office Disciplinary Referrals and suspensions will be evident as a result of positive behavior reinforcement. Students and families will display familiarity with the PBIS expectations and behaviors.				On a monthly basis, PBIS Team meets to review TIPS data (e.g. attendance, climate, office disciplinary referrals, suspensions) and make recommendations for interventions and support, as needed. PBIS Coach and Team will conduct formal walkthroughs intermittently to make recommendations for implementation.

Students will transition from virtual attendance to hybrid/face-to-face and maintain a high level of regular attendance. Students with 3+ absences will receive contacts home. Students with 6+ absences will be placed on to a Student Attendance Improvement Plan (SAIP), and those with 10+ absences will receive referrals to truancy court. Students will be encouraged towards regular attendance through incentives which meet the model of the 2021-2022 school year.			Attendance team meets at least monthly to review attendance trends and make recommendations for intervention and support, as well as potential incentive programs which meet the model of the school year.
