
IB History HL
The Philadelphia High School for Girls
Summer Assignment
2021-2022

Assignment Outline:

1. Students will:
 - a. Read [chapter 34](#) -
“Contemporary Global
Realignments 1914 to the
Present”
 - b. [Annotate](#) the chapter with
notes, key words, clarifying
questions, etc.

Purpose:

This assignment will prepare students for the first graded assignments of the 2020-2021 school year. It also provides students with necessary historical context that is not explicitly covered by the IBO's HL curriculum.

What will be graded?

On the first day of class students will be graded on the completion of the annotation portion of the assignment. The annotations can be digital, written in a Google Doc, or hand written. Each titled section of the chapter should have an annotation section.

Will we use this assignment during the first marking period?

Yes, this assignment sets the stage for the entire IB History HL course. The work students complete over the summer will be referred back to frequently.

Additional Information:

Students will take a multiple choice exam and write a short essay based on the history covered in chapter 34. The exam will take place after the content is reviewed and clarified throughout the first week of school.

Teacher Contact Information:

Denis Anglim
Danglim@philasd.org
Room 214

I will be available throughout the rest of the 2020-2021 school year and over the summer to answer any student questions. Thank you, I am looking forward to an exciting year!
