An Intro to DonorsChoose

Professional Development

DonorsChoose is the ONLY teacher crowdfunding platform that is approved by the SDP's Board of Education.

Since 2007, over 5,000 SDP teachers have brought in nearly \$13.7 million dollars in resources to their classrooms and schools with DonorsChoose. In this session, OGD staff review SDP policies that pertain to fundraising, and best practices for using DonorsChoose. Our staff is often joined by a teacher who is experienced in using DonorsChoose, who provides first-person experiences with the platform.

For more information, please contact Shannon Wilson
swilson2@philasd.org.

School Resource Academy

Capacity building

We build capacity in selected school to create greater equity in fundraising across the district We aspire to create a fundraising environment that empowers school leadership and communities to prioritize specific classroom needs that will help to foster equitable learning spaces for all students, especially students of color and English language learners (ELL).

Grantseeking Support

In need of funding?

OGD offers a range of grantseeking support for SDP staff. We provide a newsletter with a curated list of grant opportunities for school-based staff, conduct PD on the basics of grantseeking for public schools, connect SDP grantseekers to relevant SDP offices, give feedback and editing suggestions for proposals, and produce various SDP documents for proposal submission.

For more information, please contact Andrew Smith
fasmith@philasd.org.

In SY 2021–2022, OGD helped 440 offices and schools win almost \$60 million dollars in competitive grants!
