

### Request for Retention

**All retention requests must be received by your Talent Partner via email by close of business on March 15, 2021.**

Individuals on special assignment at a given school may lose their special assignment status through the retention process. Qualified teachers, counselors, and librarians, with the concurrence of the principal, may be retained at their current schools. **Please note that the completion of this form does not guarantee that an individual will have a position at this school for the 2021-2022 academic year. Instead, the completion of this form guarantees that, if a position were to open up in this individual's area of appointment, they would be able to move into that position. If multiple people in the same area of appointment were retained at a given school, positions would be filled by seniority.**

To be eligible for retention, the teacher, counselor, librarian, or teacher resident must be rated N/A or satisfactory. The following individuals are eligible for retention:

- **Teachers, counselors, and librarians on special assignment** for one of two reasons:
  - Individuals who were not site selected during **spring** site selection for the 2020-2021 school year.
  - Individuals currently working out of their areas of appointments, even if they were previously site selected/ not on special assignment at their schools.
- **Teacher Residents** may be retained in their current content area at non-special admission (middle and high) schools where they completed their residencies.
