

Greetings Families!

**My name is Ms. Pettiway.** I serve as a Case Manager/ Intervention Teacher for those students eligible for Specialized Instructional Support in areas of Literacy and Mathematics. As we anticipate the beginning of the 2020-2021 school year, I wanted to take the time to introduce myself. Let's embrace this journey in whichever capacity (Face to face/ Hybrid/Remote) is to the welfare of the school community.

Literacy Support refers to specially designed instruction beneficial to remediate or develop reading skills- phonics, fluency, comprehension, writing, etc. This may entail accommodations, modifications ,and/or interventions.

Mathematics Support refers to specially designed instruction beneficial to remediate or develop math skills- basic concepts, applications, rational numbers. This may entail accommodations, modifications, and/or interventions.

School Supply List:
