

## Dear Parents and Families:

Reading an average of 20 minutes per day is one of the easiest ways to build your child's vocabulary and reading skills while improving his or her grades! Kids love reading with their family and they enjoy it even more when they choose their own books.

Use the following tips to encourage your reader:

- Read aloud as a family.
- Keep books in your home. Each addition to your home library helps your child get a little further in school.
- Visit the library and let your child choose his or her own books.
- Read what your child is reading and discuss the story.
- Set the example. Children are inspired when they see you reading too.
- Bring your child to the Book Fair and discover new books together.

Our Scholastic Book Fair features a wide range of engaging and affordable books for every age. Your child is certain to find a book they will love! Please make plans to visit our Book Fair.
