

Dear Families of Rising First Graders,

Welcome to First Grade! Your child has learned so much in kindergarten this year and we (1st grade teachers) would like for them to utilize those skills over the summer. An excellent way for your child to retain the skills learned in kindergarten is to review the material over the summer. Below are some suggestions to help build upon the material learned during kindergarten. **Next year, the first day for students is TUESDAY, AUGUST 31. Please mark your calendars!**

Reading:

Read with your child as much as possible over the summer. Help them select books that they enjoy reading or enjoy having read to them. Also, please review writing the letters of the alphabet (both capital and lowercase), as well as naming the letters and letter sound associated with each letter. When reviewing letters please do it out of order. Have your child review sight words. Sight word mastery is crucial for your child's success as a reader. Many sight words cannot be sounded out (decoded). Therefore they must be memorized. Below you will find some fun ways to help your child master their sight words.

[Here is the District's recommended reading list for grades K-2](#) (linked)

Sight Word Activities:

1. Sight Word Fly Swat: spot your sight word, then squish it with the fly swatter
2. Sight Words Memory: match sight words in the classic card game
3. Sight Word Bingo: play bingo while reinforcing sight words.

Math:

Review number identification for numbers 1-100. When reviewing numbers, please do it out of order. Also important, is a sense of what numbers mean and understanding of their relationship to one another (before, between, and after).

Below you will find the numbers 1-100, the alphabet, and a list of sight words. **We also attached a supply list for items to bring in the fall.**

We are excited for all the fun learning we are going to do together. Our classroom will be a safe place to be ourselves, learn, express our ideas, share our thoughts, and become a community that respects one another!

Please have a safe and wonderful summer!

Estimados padres,

¡Bienvenidos al primer grado! Su hijo ha aprendido mucho en el jardín de infantes este año y nosotros (los maestros de primer grado) nos gustaría que utilizaran esas habilidades durante el verano. Una manera excelente para que su hijo retenga las habilidades aprendidas en el jardín de infantes es revisar el material durante el verano. A continuación se presentan algunas sugerencias para ayudar a desarrollar el material aprendido durante el jardín de infantes. **El año que viene, el primer día de escuela es el martes, el 31 de agosto. ¡Marque el calendario!**

Leer:

Lea con su hijo tanto como sea posible durante el verano. Ayúdelos a seleccionar libros que les guste leer o que les guste leerles. Además, revise la escritura de las letras del alfabeto (tanto en mayúsculas como en minúsculas), así como el nombre de las letras y el sonido de las letras asociados con cada letra. Cuando revise las cartas, hágalo fuera de orden. Pídale a su hijo que repase las palabras reconocibles a la vista. El dominio de las palabras a primera vista es crucial para el éxito de su hijo como lector. Muchas palabras reconocibles a la vista no se pueden pronunciar (decodificar). Por lo tanto, deben memorizarse. A continuación, encontrará algunas formas divertidas de ayudar a su hijo a dominar las palabras reconocibles a la vista.

[Aquí es la lista de lecturas recomendadas del Distrito para los grados K-2 \(link\)](#)

Actividades de palabra visual:

Sight Word Fly Swat: detecta tu palabra visual y luego aplástala con el matamoscas
Memoria de palabras a la vista: combina palabras a la vista en el clásico juego de cartas
Bingo de palabras a la vista: juega al bingo mientras refuerzas las palabras a la vista.

Matemáticas:

Revise la identificación del número para los números 1-100. Al revisar los números, hágalo fuera de orden. También es importante tener una idea de lo que significan los números y la comprensión de su relación entre sí (antes, entre y después).

A continuación, encontrará los números del 1 al 100, el alfabeto y una lista de palabras reconocibles a la vista. **También adjuntamos una lista de materias para llevar en el otoño.**

Estamos emocionados por todo el aprendizaje divertido que vamos a hacer juntos. ¡Nuestro salón de clases será un lugar seguro para ser nosotros mismos, aprender, expresar nuestras ideas, compartir nuestros pensamientos y convertirnos en una comunidad que se respeta unos a otros!

¡Que tenga un verano maravilloso y seguro!
