Welcome to W.C. Longstreth

The W.C. Longstreth School services scholars who are: (1) 4 – 14 years of age and (2) scholars within our neighborhood boundaries.

Our teaching staff consists of 27 highly qualified teachers. There are currently two classes of each grade, Pre-K to 8, except for 2nd grade. We are happy to announce that our scholars will be having Computers and Art this year. Scholars will have two specialist class every half school year. For example, if your child has Art and Computers the first half of the year and then Interventions and Physical Education the second half of the year.

All scholars in grades K-8 will have health class and a physical education class. We are continuing our healthy eating initiative. A healthy diet leads to better health, better attitude and more energy!

Welcome to W.C. Longstreth Elementary School. We are committed to providing all of our scholars with high quality instruction in a safe environment that will allow each and every scholar to work to their fullest potential. Parents and community members are our partners. In collaboration we give our scholars a holistic opportunity to become global citizens who can compete with the demands of our growing economy. At Longstreth we strive for excellence!

PARENTS WE NEED YOUR SUPPORT!

We need scholars in school every day on time. Our data shows that we did not meet the district expectation for attendance. Our goal is **95% of our scholars come to school 95% of the time or more!**

Lateness is also a challenge. Scholars should be in school on time daily. Our goal is **95% of our scholars come to on time school 95% of the time or more!**

Our School-wide behavior incentive system is our SCHOLAR DOLLARS! Students will earn and spend money throughout our school community. They will earn paychecks (cashed for scholar dollars) for their school jobs. Scholars need to be in school daily!

Longstreth Expectation

Yes to being a leader making new friends, thinking, asking questions and learning!

Yes to joining clubs, tutoring and playing sports!

No Cell Phones in class

No Hats or Hoodies on in the building

No smoking, alcohol or drugs

No Tools No Weapons
