Planning Team

In the space provided below, describe the role of the planning team in developing this school improvement plan, as well as the intended role of the committee in the implementation and monitoring of the plan.

During the winter Title 1 meeting we presented the school plan and received feedback from parents and staff. These input forms provided feedback in which we devised the plan to address school goals. Monitoring of the plan will include school leadership team, SAC and content facilitators on a quarterly basis during Cabinet and SAC meetings.
