Mr. McDermott, Teacher of Computer Science

Dear Parents,

The School District of Philadelphia has totally revamped the system for creating and maintaining school websites. As a result, we have the opportunity to create a much more functional and attractive suite of sites.

One of our initiatives is to include as many pictures of student life as possible. In order to take pictures with students inside the school, we need a signed permission form, which I have attached to this letter.

If your child appears on the website, they will only be identified by first name, if at all. Before the page is posted, we will notify you by email that we are going to use it, at which point, you can ask us not to, which we will gladly comply with. No picture will ever be used on the website without permission.

Please sign and return this form as soon as possible.

Thank you,

Bill McDermott

**Permission Form for Use of Student Image
on the School District of Philadelphia Website**

This letter is a request for permission to use the image and/or voice of your child on the official School District of Philadelphia World Wide Web page on the Internet.

Student images are used on the Internet to promote a wide range of student activities. However, the use of images is strictly controlled to best assure student safety and confidentiality. In some instances, students whose images are displayed on the Internet may not be identified. However, if the student is identified, it will be by first name only.

Please return this form to your child's teacher to indicate that your child's image and/or voice may or may not be used on the Internet. This permission will stay in effect until cancelled in writing by the parent or guardian.

Thank you for your cooperation.
