

MCCLOSKEY VIRTUAL LEARNING SUPPLY LIST

Parents,

In order for your children to get the most from online learning, we recommend they have the following items. Most can be found at stores like Staples and Walmart, or ordered online from Amazon.

A mouse and mousepad

Especially for younger students, a mouse may be much easier to use than the built in trackpad.

Headphones with
microphone

This will make it easier for students and teachers to hear each other.

Notebook for each subject

Even though we are online, students will still need a book to write their thoughts, practice work and take notes.

Small whiteboard with
erasable markers

A whiteboard will be a fast, efficient way of communicating quick answers to teachers.

A quiet working space

This is the most important thing your child will need to be successful. They will need to have a quiet space, away from younger siblings, the television, and other distractions.
