

First Grade' Welcome letter

Dear Parents, and Guardians

Welcome to First Grade at Morrison School! I am looking forward to being your child's teacher and getting to know you and your family this year. I cannot wait to help your child develop their love of learning this year! It is important that we keep the lines of communication open throughout the school year. Please feel free to contact me with any questions or concerns that you may have. We will work together to make your child's first grade year a terrific one.

First grade is a year filled with fun and huge leaps in learning. First graders develop fundamental work habits, appropriate social behaviors, problem solving and decision-making skills and of course academic skills. First graders engage in fun projects, experiential learning and opportunities to grow their love of learning in Literacy, Math, Science and Social Studies.

It's my absolute pleasure to be joining you and your learner on this journey through First Grade. I know that together we are going to achieve a successful and rewarding experience. I will work hard to establish our classroom as a happy, comfortable, and safe learning environment. However, you and your child will be working equally hard to make this year successful. I believe that each child brings their own unique talents, experiences, and personality to share in our classroom. I look forward to learning with your child and sharing curriculum that is enriching, and sparks their interest.

Thank You, **Miss
Dennis, Ms.
Moffatt and Ms.
Young**
