

- No student may leave the school for health reasons without prior authorization of the principal or health service. Parents/Guardians are required to come to school to pick up any student needing to leave school for health reasons. Students are not permitted to walk home from school without a parent or guardian. All students must have an emergency contact form in the health office.
- For your child's safety and wellbeing, please let the school nurse know of any health condition that might impact your child during school hours. We request that you complete an S-865 form every year and submit to the school nurse as soon as possible. The same form is required every year in order to give your child Tylenol (Acetaminophen), Motrin (Ibuprofen), or hydrocortisone cream. Tylenol and Ibuprofen WILL NOT be given to any student without this form on file. [S-865/ Emergency & Medical Form](#)
