ATTENDANCE

Your academic success has everything to do with you being in school each and every day. Your attendance, which includes being on time, is a top priority to the entire PLAS School Family!

- **DOORS OPEN** at 8:30am and breakfast is served until 8:50am.
- **SECURITY INTAKE PROCEDURES** occur every morning and usually take four to five minutes.

When students are returning to school from an absence, they are required to bring in a note. The note should include: The date, child’s name, dates of the absence(s), reason, signature of a licensed physician or legal guardian, and phone number. Excuse notes are expected within three (3) days from the absence. Failure to do so will result in **unexcused** absences.
LATENESS

PLAS scholars begin 1st period class at 9:00am. If students arrive to school after 9:15am, they will be instructed to return home unless they provide a valid note and a call from the legal guardian with a valid reason for the lateness.

➢ LATE DETENTIONS WILL BE ASSIGNED FOR EVERY STUDENT ARRIVING BETWEEN 8:55am and 9:15am.

EARLY DISMISSALS

In an attempt to maintain the integrity of the educational program, it is necessary to keep early and irregular dismissals to a minimum. Students are required to submit an early dismissal note from a parent/guardian for verification to Ms. Ngoc. Ms. Ngoc will then confirm by calling the parent/guardian. Students will not be permitted to call from the main office for an early dismissal.

Please Note: Only the parent/ guardian listed on the School District network is permitted to request early dismissals. In addition, if students are under 18 years old, they MUST be picked up by a parent/guardian with ID for an early dismissal.

VISITORS

All visitors to the school are asked to please come after the instructional day has concluded starting at 2:15pm. This will ensure that our students are receiving quality instruction throughout the entire school day. Please communicate this request to all cleared individuals, organizations, and agency representatives that work with specific students.

TRANSPORTATION

The School District of Philadelphia’s Transportation Department will determine the student’s eligibility and deliver the transpasses to our school. This process will take approximately 5 school days from the date of the intake.

Students will receive their transpasses from the main office by presenting their School District ID every Friday after school. Students must be present in school on Friday to pick up their transpasses; otherwise, the student must wait until the next school day to retrieve the transpass from administration.

Only one (1) transpass is assigned to each student. We are unable to give students an extra transpass if it is lost or stolen. As a result, it is recommended that students have cash or tokens handy in the event that they have misplaced their transpass.
Electronic devices including, but not limited to cell phones, CD/DVD Players, Ipods, video games, and bluetooth are not permitted in the building while classes are in session. In addition, headphones are not permitted in the building during the instructional day. As a result, we highly recommend that all electronic devices be kept at home.

However, if a student does choose to bring an electronic device to school, he/she must turn in the device(s) upon arrival during the intake process. Electronic devices will be returned to the student at the end of the school day (2:15pm).

If a student fails to turn in any electronic device and headphones, he/she will be sent home and the day will count as an unexcused absence.

ADMINISTRATION IS NOT RESPONSIBLE FOR ANY ELECTRONIC DEVICE THAT IS LOST, STOLEN OR CONFISCATED. THEREFORE, PLEASE KEEP ALL ELECTRONIC DEVICES AT HOME.
The Philadelphia Learning Academies (North and South) utilize a blended learning model where students use computers as a learning tool. During the afternoon instructional block, students are actively involved in a web-based teaching program called Compass Learning. The interactivity provided by the Compass Learning platform encourages learning that develops competence, confidence, and enthusiasm for independent, reflective, and life-long learning. Teaching strategies focus on student-centered learning, providing all students with the academic, technological and social skills needed to be productive and contributing citizens in our society.

- Through a blended learning model, our students are exposed to the traditional classroom environment where direct instruction is happening. Content area teachers in the core subject areas for the entire school year lead these classes.
- In direct instruction classes, students attend core content classes such as, English, Math, History, Science, as well as a World Language.
- In the afternoon, students are exposed to the cyber-learning portion of the day. Students attend labs with computers to work online with the Compass Learning program. Compass Learning allows students to accelerate through classes that are taken online and thereby acquiring credits needed for graduation.

Compass Learning offers our students:
- Assisting teachers in delivering a broad range of explicit instruction and practice to meet graduation, college and career readiness needs.
- Helps students fit schoolwork into busy schedules with anytime/anywhere Web access.
- Enhances both educators’ and students’ ability to leverage technology to ensure on-time graduation and college and career readiness.
- Addresses academic areas that students find challenging and remediates foundational skills in order to assist our scholars in the general curriculum.
CURRICULUM

Philadelphia Learning Academy South adheres to the Pennsylvania Common Core State Standards, which drives how teaching and learning occurs in the various subjects below:

- English
- Mathematics
- Social Studies/History
- Science
- World Language
- Arts and Humanities
- Physical Education/Health
- Electives

Seniors will also be required to complete a Senior Service Project in order to successfully fulfill their graduation requirements.

HOMEWORK

Homework is a positive reinforcement of learned skills as well as a building block toward student responsibility. Parental support and cooperation is a vital component in insuring its effectiveness. Every teacher will provide homework as part of the students’ personalized learning plan.

Please keep in mind these key points:

- Students should communicate and voice any questions or concerns regarding the homework assigned.
- Teachers should assist students when needed, but avoid doing the work for students.
- Parents/Guardians should teach the student how to balance extracurricular activities to allow time for schoolwork.
- Homework is considered when teachers compute the grade earned.
**Keystone Exams**

**Information for Parents or Guardians**

**Pennsylvania Keystone Exams**

**What are the Keystone Exams?**

The Keystone Exams are end-of-course assessments designed to evaluate proficiency in academic content. Beginning with the class of 2017, students must demonstrate proficiency on the Algebra I, Literature, and Biology Keystone Exams to graduate. Students will be offered multiple opportunities to take the Keystone Exams throughout their high school career.

**Who will participate in the Keystone Exams?**

In 2012-13, the Algebra I, Literature, and Biology Keystone Exams replaced the 11th-grade Pennsylvania System of School Assessments (PSSA) in math, reading, and science for purposes of student, educator, and school accountability. Students should take the Keystone Exams at or near the end of a Keystone-related course. The students’ results are banked until their junior year for accountability purposes and until their senior year for graduation purposes. Some students who previously completed a Keystone-related course but did not take the Keystone Exam will also participate for accountability purposes. Additionally, students who take a Keystone Exam and do not score Proficient may re-take the exam.

**When will the exams be offered?**

The Keystone Exams will be administered three times each year—winter, spring, and summer. Specific administration dates will be published by the Pennsylvania Department of Education.

**Who decided what Keystone Exams should measure?**

Groups of educators from across Pennsylvania chose the areas of knowledge on which the Keystone Exams are based. The groups included teachers, supervisors, curriculum directors, and college specialists. These groups also reviewed, edited, and approved exam questions.

**What is assessed on the Keystone Exams?**

Pennsylvania adopted the Pennsylvania Core Standards, standards aligned with expectations for success in college and the workplace. The Keystones are designed to measure these standards.

**How long is a Keystone Exam administration?**

There is no time limit for a student to complete a Keystone Exam. Each Keystone Exam should take the typical student 2 to 3 hours to complete. There are two modules on each test, and each module (or Test Session) of the Keystone Exam should take 1 to 1.5 hours to complete. Districts can administer the Keystone Exam modules across two days or divided across the morning and the afternoon of the same day.

**What are the available formats for administering the Keystone Exams?**

The Keystone Exams are available in both online and paper/pencil formats. Districts will determine if online, paper/pencil, or both formats will be used locally. Makeup exams will also be administered in either online or paper/pencil format.

**Will students have an opportunity to experience online testing before taking a Keystone Exam online?**

Tutorials and online training programs have been developed for the Keystone Exams. The PA Online Assessment Student Tutorial uses pictures, motion, and sound to present visual and verbal descriptions of the properties and features of the PA Online Assessment system. Students are allowed to repeat the Student Tutorial as often as desired and needed. The Online Tools Training (OTT) provides an introductory experience using the PA online assessment software allowing students to observe and try out features of the PA online assessment software prior to the actual assessment. Within the OTT, students also have the opportunity to practice typing responses in a narrative format, graphing functions, and entering equations using an equation builder tool. The online exam also has a “Help” feature that is available to the student during the exam.

Keystone Exams

What types of questions are on the Keystone Exams?
The Keystone Exams will include multiple-choice questions and constructed-response, or open-ended, questions. For each Keystone Exam, approximately 60 percent to 75 percent of the total score will be from multiple-choice questions and 25 percent to 40 percent of the total score will be from constructed-response questions.

How are the written responses to constructed-response questions scored?
The written responses for constructed-response questions are scored by evaluators trained in applying a pre-determined scoring system. Scores are based on content only. Spelling and punctuation are not included as part of the scoring process. Most constructed-response questions require students to show their work or explain their reasoning. These Keystone Exam questions will ask students to explain, analyze, describe, or compare. Some questions will also require students to perform calculations or create graphs, plots, or drawings.

How are the results reported?
Keystone Exam scores will be processed as quickly as possible and provided to the districts.

Two copies of the individual student report for all Keystone Exams will be sent to the school districts and charter schools. One copy should be sent home to parents/guardians; the other is kept by the school/district.

School-level reports will be used for curricular and planning purposes. School districts and charter schools may publish the results of Keystone Exams for each school. The state will also release school-by-school exam data.

May parents see the Keystone Exams?
Parents and guardians may review the Keystone Exams if they believe they may be in conflict with their religious beliefs by making arrangements with the School Test Coordinator once the exams arrive at the school. Confidentiality agreements must be signed, and no copies of the Keystone Exams or notes about exam questions will be permitted to leave the school.

If, after reviewing the Keystone Exams, parents or guardians do not want their child to participate in one or all of the exams due to a conflict with their religious beliefs, they may write a letter specifying their objection to the school district superintendent or charter school CAO prior to the beginning of the exam(s) to request their child be excused from the exam(s).

What are Project Based Assessments (PBAs)?
PBAs are online assessments aligned to Keystone Exam. modules. They provide an alternative path to meet the state’s graduation requirements starting with the graduating class of 2017. After two unsuccessful attempts at Keystone Examinations, students can opt for PBAs in the modules on the Keystone Examinations that they did not pass. PBAs are secure, attempted online at school under supervision, and submitted to state evaluators upon completion. For more information go to http://www.pdesas.org/module/assessment/About.aspx

Religious opt-out applies to the Keystone Examinations only. It does not apply to PBAs. Students in the class of 2017 and beyond who opt-out of Keystone Examinations must still complete and demonstrate proficiency in PBAs in order to graduate.

For additional information about the Keystone Exams, visit the SAS website at www.pdesas.org or contact your school district.

REINSTATMENTS

Reinstatements include, but are not limited to:

• Student suspensions
• Behavioral and/or social emotional concerns
• School code violations
• Students with 10 consecutive absences

*Please note: All reinstatements and meetings will only be conducted between 2:15pm – 3:00pm. Reinstatement dates and times will be assigned on the day the student is suspended. When a student is being reinstated, a PARENT/GUARDIAN MUST ACCOMPANY them.

HEALTH & WELLNESS

Students should attend school ONLY when they are well enough to participate in all regular classes. There are, however, exceptions, such as, broken bones, post-surgery, etc. Fever and vomiting should have subsided for at least 24 hours to prevent the spread of infection.

The school nurse has outlined the following general rules on illness and absences:

• **Streptococcal Infections (strep throat, scarlet fever, tonsillitis):** Excluded for 7 days unless a physician certifies recovery in a shorter amount of time.
• **Pink Eye:** Excluded and can only be readmitted to school a physician’s certificate of COMPLETE RECOVERY.
• **Impetigo:** Excluded until judged noninfectious by the school nurse or physician.
• **Pediculosis (Head Lice):** Excluded until judged noninfectious by the school nurse (no nits). Special attention for prevention includes: not sharing combs, hats or other clothing. Head lice are most prevalent immediately after the holidays. Treatment as per your physician or consult the school nurse.
• **Scabies:** Excluded until judged noninfectious by a physician or school nurse.

Please remember that the school nurse is not permitted to diagnose illness or injuries. DO NOT send your child to school with this expectation. Injuries occurring at home cannot be dressed or retreated by school personnel.

Any medication to be given in school MUST be accompanied by a note from the doctor with specific instructions for administration. We prefer medications not be sent to school, unless a time schedule cannot possibly be made around school hours. Over the counter medication cannot be dispensed without a written parent’s order.

• If a student is present in school and becomes ill, a parent/guardian MUST pick up the student if it is deemed that the student should go home.
EMERGENCY CLOSING OF SCHOOL

The call number on local radio stations is 8460. In most cases, media outlets will announce, “All Philadelphia Public Schools are closed” or “All Philadelphia Public Schools will have a two hour delay.” If there is a two-hour delay, staff must arrive at 10:15 am, as students will arrive at 11:00 am.
