School Selection Process For 2017-2018

The School Selection Process

THE SCHOOL DISTRICT OF PHILADELPHIA

School Selection is open to students in all grades (K-12), and can be used to apply to School District of Philadelphia Schools ONLY (including different neighborhood, citywide and special admission schools. ***This process excludes charter schools, Catholic schools or paid tuition schools***).

In the beginning of every school year, this process is available for students to apply for admission into another school other than their neighborhood school. If an approval is received, admission will be granted for the following school year.* (For example, all applications received during the filing window of September 29th to November 13, 2017; will be for admission into school for the 2018-2019 school year.) A student can apply for admission to as many as five (5) School District of Philadelphia Schools. Students will receive notification of acceptance starting in February or March, which allows time for schools to prepare for when students arrive in September.

Special Note: Families wishing to apply to a different Kindergarten other than their neighborhood school must apply through this process the year BEFORE the child actually starts Kindergarten.

School Selection

School selection is the process to gain admission into a district school other than your neighborhood school.

Important Things to Consider

School Selection is open to students in all grades (K-12), and can be used to apply to School District of Philadelphia Schools (SDPS) including different neighborhood, charter and special admission schools. This process includes charter schools, Catholic schools or public charter schools.

This process is available each year for admission into a school other than your neighborhood school. In the following year (for example, all applications received beginning on September 20th and for admission into school in the 2024-2025 school year.) You can apply for up to five (5) School District of Philadelphia Schools during the window that runs from each September to mid-November. You will receive notification acceptance the following February or March, which allows schools time to prepare for the following school year.

Families wishing to apply to a different Kindergarten other than your neighborhood school must apply through this process the year BEFORE they actually start Kindergarten.

Please Select a Category Below Which Best Applies to Your Child:
