As a way to better serve ______, we would like to conduct an Indirect Behavior Assessment (IBA). An IBA is the process of collecting information to help identify student barriers that interfere with the learning process and also to help determine why these barriers might be occurring.

An IBA may include, but is not limited to:

The purpose of the IBA is to collect information to help develop a Behavior Support Plan (BSP) for your child to improve his/her performance and success in school. A BSP may include, but is not limited to:

- Interventions/strategies to prevent and reduce behaviors that interfere with the learning process
- Teaching new, appropriate replacement behaviors to facilitate the learning process

We greatly appreciate your involvement in this process. The IBA will be completed and shared with you by the expected completion date of ______. If you have any questions regarding this process, please call me at ______.

Thank you,
