2020-2021 District-Wide Parent & Guardian Survey - English

Welcome

This school year is different but your feedback is still important. As you take the survey, think about what school has been like online. For example, when you see "your child's school," think about the digital classroom and all the teachers, leaders, staff, and students you and your child interact with. If you are still unsure how to answer a question, you can leave it blank.
