Primary Partners

Research for Action

(community-connected, anti-racist education research nonprofit)

Office of Research and Evaluation at the School District of Philadelphia

(internal-to-the-district research org and knowledge broker)

Secondary Partners

External-to-district educational stakeholders, including city officials, philanthropic and advocacy orgs, and students and families

Secondary Partners

District central office and school-level staff with decision-making authority related to problems of practice

Anticipated Outcomes

1. Provide District offices with research to support students through bureaucratic and data infrastructure improvement

2. Contribute both locally and nationally to education research

3. Generate new knowledge for the general public, educators, and policymakers to help stakeholders navigate and shape broader systems that support education in Philadelphia

PERC Approach to Research:

Develop and execute a research agenda that is community-informed, equity focused and based on a critical analysis in collaboration with district staff.

Part I:

Trends in Home
Language and Student
Enrollment Over Time

Enrollment

District enrollment declined from 2014-15 to 2022-23, while EL enrollment increased during the same period.

School Year	All Students	English Learners	English Learner Percentage
2014-15	133,399	12,006	9%

Home languages spoken by ELs

Just **21** home languages account for over 90% of ELs.

About **60** home languages are spoken by five or more ELs.

More than **100** home languages are spoken by ELs in SDP.

Distribution of schools by percentage of students who were ELs

The number of schools with zero ELs enrolled decreased from 48 in 2014-15 to 25 in 2022-23. On the other hand, the number of schools where ELs made up 20% or more of the student population more than doubled, from 26 in 2014-15 to 62 in 2022-23.

Part II: Exploring the Diversity and Experiences of School District of Philadelphia English Learners as they Prepare to Transition to High School

Community Informed Approach to Designing Research Questions

How can we better understand the diversity of SDP 7th- and 8th-grade English Learners and their educational experiences?

1. What are student and school characteristics of English Learners as they prepare to transition to high school?
2. How does the linguistic diversity of middle school students change over time?
3. What are some of the current services and supports available to ELs across SDP middle school grades to support successful high school transitions?

What data did the study use?

- School District of Philadelphia Administrative Data
 - Sample: English Learners in 7th and 8th grades between the 2017-18 and 2020-21 school years
- City of Philadelphia Administrative Data
 - Office of Immigrant Affairs service request data, 2019-2022 (January to March only)
- Focus Groups with Community Stakeholders

Finding 1: School District of Philadelphia English Learners in 7th and 8th grades are a linguistically diverse group.

- A total of 85 different home languages were spoken by English Learners in 7th and 8th grades between SY2017-18 and SY2020-21.
- Spanish remained the most common language spoken, though slightly and consistently decreased over the years studied in this report, from 55.2% to 52.9%.
- Other common home languages included Portuguese, Chinese (Mandarin), Arabic, Russian, Khmer, and Vietnamese.

Finding 2: Though Spanish is consistently predominant, there have been significant shifts in less common home languages.

- The percentage of Portuguese-speaking 7th- and 8th-grade ELs doubled from 2017-18 to 2020-21, making it the second most common home language following Spanish.
- Growth in Portuguese-speaking English Learners could reflect a coinciding increase in students immigrating from Brazil during this same period.
- A growth in “Language Line” requests for Portuguese services increased from 2.9% to 8.6%.

Finding 3: 7th- and 8th-grade English Learners were born all over the world, but nearly half were born in the United States.

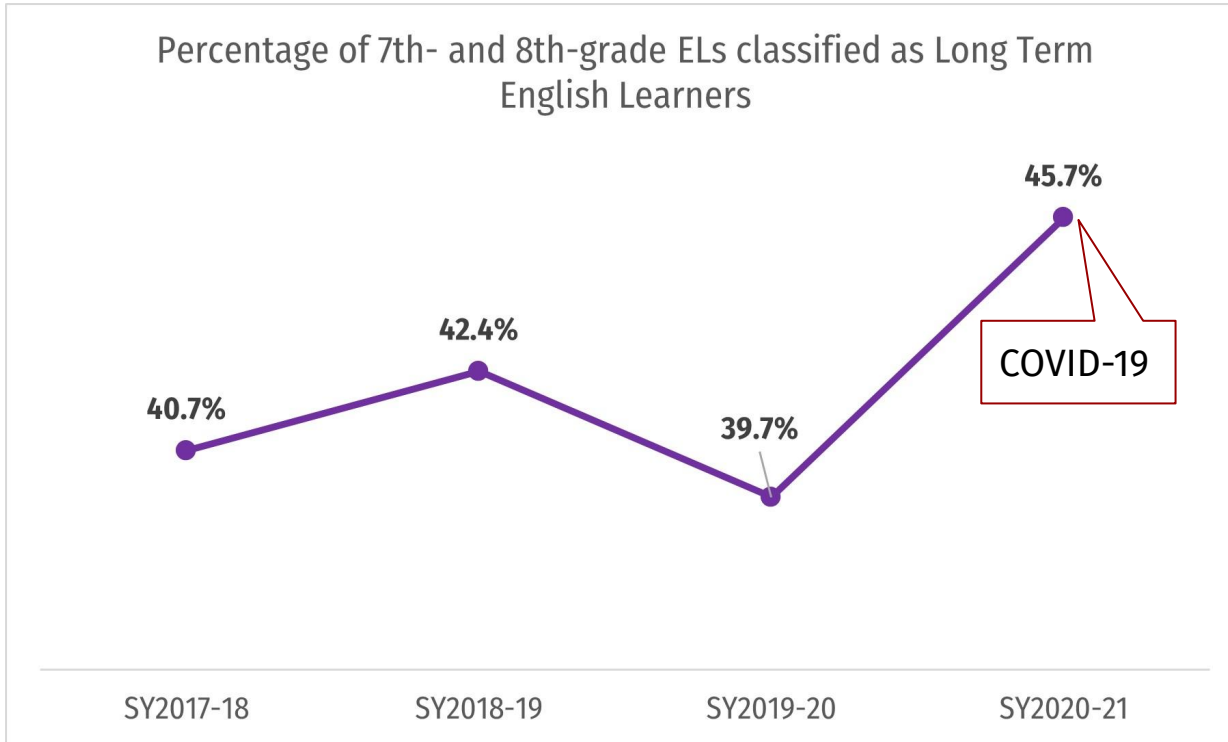

Finding 3 (continued): A growing share of 7th- and 8th-grade ELs were born in Central and South America.

SY2017-18		SY2018-19		SY2019-20		SY2020-21	
Country	%	Country	%	Country	%	Country	%
Dominican Republic	9.2%	Dominican Republic	9.9%	Dominican Republic	10.3%	Dominican Republic	9.6%
China	3.5%	Brazil	3.8%	Brazil	6.4%	Brazil	6.3%
Brazil	3.3%	China	3.5%	Guatemala	4.8%	Guatemala	4.1%
Haiti	2.7%	Guatemala	2.9%	Honduras	3.7%	China	3.4%

Total number of ELs	2,113	Total number of ELs	2,372	Total number of ELs	2,566	Total number of ELs	2,536

Finding 4: The share of 7th- and 8th-grade ELs enrolled within a school can rapidly change over a short period of time.

Rank by percent	SY2017-18		SY2018-19		SY2019-20		SY2020-21	
	School	%	School	%	School	%	School	%
1	Southwark School*	45.1%	Southwark School*	53.1%	Southwark School*	45.5%	Eliza B. Kirkbride School	46.4%
2	Vare-Washington School	31.7%	John H. Taggart School	37.0%	John H. Taggart School	45.0%	Southwark School*	43.9%
3	Julia de Burgos School	30.6%	Potter-Thomas School	29.8%	Eliza B. Kirkbride School	38.7%	John H. Taggart School	39.8%
4	Potter-Thomas School	28.9%	Eliza B. Kirkbride School	28.8%	Woodrow Wilson School	31.6%	Mayfair School	32.4%
5	Honorable Luis Munoz-Marin School*	28.9%	Feltonville School of Arts and Sciences	28.4%	Mayfair School	31.0%	Woodrow Wilson School	31.9%

Finding 5: While 7th- and 8th-grade EL enrollment modestly increased in SDP schools from 2017-18 and 2019-20, the share of ELs identified as long-term English Learners (LTELs) remained consistent.

Part III:

Supports for Teachers and Students

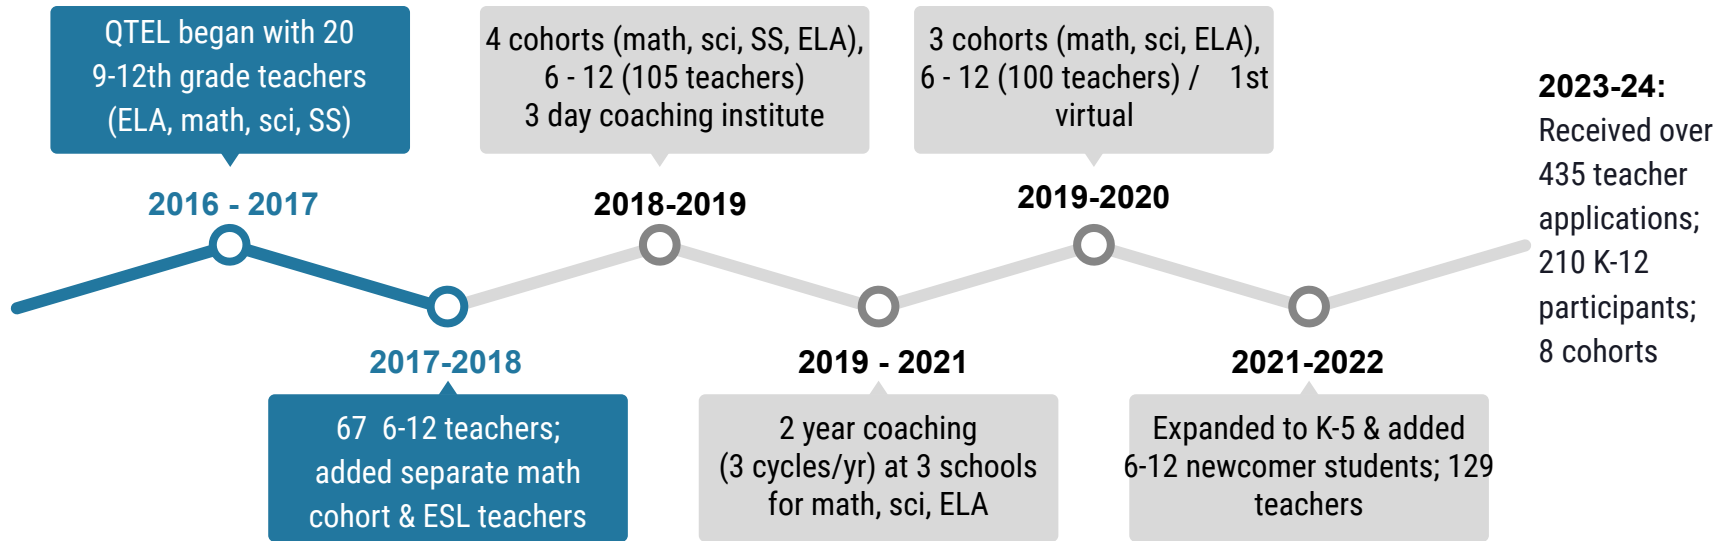

Quality Teaching for English Learners (QTEL)

- Research-based professional development based on a sociocultural / sociolinguistic theories of learning through [WestEd](#) and Office of Multilingual Curriculum and Programs (OMCP)
- Designed for ALL educators to build their capacity to support the language and disciplinary content development of English Learners (ELs) and for ALL students to develop their interpretive (reading, listening, viewing) and expressive (writing, speaking representing) abilities with rigorous, grade-level content and language.
- Professional development around [5 principles of quality instruction](#) for English Learners:

1. Sustain academic rigor in teaching English Learners
2. Hold high expectations in teaching English Learners
3. Engage English Learners in quality interactions
4. Sustain a language focus in teaching English Learners
5. Develop a quality lessons / units for English Learners

Since 2016-17, QTEL has grown from supporting 21 SDP teachers to over 200 teachers annually.

QTEL Apprentices learn foundations of sociocultural pedagogy and language acquisition to facilitate QTEL Building the Base PD and create exemplars (sample units) (2022-2024: 6 -12 ELA, Math, SS / 2023 - 2025: 6-12 Sci, K-5, 6-12 Newcomers). By 2026, QTEL Building the Base will be locally facilitated.

129 Teachers Participated in 2022-23

- Teachers of all grades and content areas (starting in 2022-23)
- Teachers applied to cohorts from their schools:
 - K-5
 - 5-12 English Language Development
 - 5-12 English Language Arts
 - 5-12 Social Studies
 - 6-12 Math
 - 6-12 Science
- Summer Institute professional development in June and August, followed by three weekend professional development sessions during the 2022-23 school year
- In 2022-23, teachers represented 29 schools

What did we learn? Results from a survey conducted at the end of the 2022-23 QTEL program year show:

- Respondents were satisfied with QTEL professional development:
 - Over 90% reported that QTEL improved their knowledge regarding the needs of English Learners and their use of scaffolding techniques.
- Respondents used what they learned:
 - Over 83% reported using QTEL practices in their instruction at least weekly.
 - Over 75% reported that ELs engage in QTEL practices at least weekly.
- Instruction based on QTEL principles benefited **all** students.
- Challenge: Not enough Professional Learning Community time devoted to QTEL practices

Together is Better (TIB)

- OMCP and SupportEd provided professional development and coaching that supports a co-teaching model where a K-3/K-2 **General Education teacher** and an **English as a Second or Other Language teacher** collaboratively teach in a classroom that includes ELs.
- TIB participants were provided professional development in co-teaching to support ELs, which included structured collaborative planning time and coaching.
- The 5-year program served around 40 teachers.
- The work of SupportEd is framed around five guiding principles.*

What did we learn? Results from a survey conducted at the end of the 2022-23 TIB program year show:

- Respondents were satisfied with coaching and professional development.
- Respondents used what they learned:
 - All respondents engaged in instructional practices at the core of TIB at least weekly.
- It is key that students perceive both the general education teacher and the ESL teacher as equals.
 - Conversely, it is key that both teachers perceive EL and non-EL students as their shared responsibility.
- Co-teaching benefits all students:
 - *"The students in my TIB classroom were able to see two teachers as true equals in their classroom. Therefore, all students benefited from the EL supports that were in place."*
- Challenges included:
 - time for planning, especially when working with multiple co-teaching partners.
 - not enough ESL teachers to use a co-teaching model.
