Authority

The SRC authorizes the Superintendent or designee to approve a written Language Instruction Educational Program (LIEP) for students whose dominant language is not English and to maintain an office for multilingual curriculum and programs to develop and support a plan that shall include English Language Development (ELD) and bilingual instruction programs. The programs shall be evidence-based and implemented with sufficient resources and appropriately trained staff. Programs shall be evaluated regularly for effectiveness in developing students’ language proficiency and access to grade-level content.[2][3][4][5]

The Superintendent or designee shall address ELs and programs in all District functions, partnerships, and planning processes, as necessary to provide effective ELD and Bilingual Education instruction programs in compliance with laws and regulations. The District’s plan for ELs shall include: (1) appropriate preparation and professional development for all professional staff, including core content and grade teachers, ESL teachers, and principals (2) sufficient resources to implement the language instruction program including appropriate textbooks / materials and supportive technology (3) effective curriculum and programming to meet the needs of ELs at varying levels of proficiency, including newcomers, students with interrupted or limited formal education (SLIFE) and older ELs (18-21); (4) effective and accessible data management systems with accurate and relevant EL data points; and (5) language access for families and community. [3] [6]

Delegation of Responsibility
The Superintendent or designee shall implement and supervise an ELD/Bilingual Education program that ensures appropriate instruction for ELs in all schools and complies with federal and state laws and regulations.

The Superintendent or designee, in conjunction with appropriate stakeholders, shall develop administrative procedures regarding the ELD/Bilingual Education program. Administrative procedures shall be updated and revised annually, and made public through the District’s website and appropriate offices and distributed to District administrators, school-based administrators, teachers and staff, to ensure the implementation of Policy 138 is being transparently, consistently and equitably adhered to across the District.

**Mandated Regulatory Procedures**

*Identification, Placement, and Notifications*

The district shall establish procedures for identifying and assessing the needs of students whose dominant language is not English. The Home Language Survey shall be completed for each student upon enrollment in the district. Students who require language screening for ELD services, based on the Home Language Survey, must be administered the Pennsylvania Department of Education’s approved language screener. The Home Language Survey, language screener results, and current language proficiency level as indicated by annual State ELD assessment, must be maintained in the student’s permanent record folder and recorded in the District’s student information system through graduation. [4][7][8]

Families shall be notified, in the preferred home language, of student’s entry into ELD services, right of refusal as defined by State law, and student’s current language proficiency level as indicated by annual State ELD assessment. [3]

Students with a secondary school transcript will have their transcript evaluated in a timely manner to ensure proper placement in high school. Secondary EL students will be rostered in appropriate credit-bearing courses in accordance with the District’s rostering guidelines for secondary students. Elementary and middle school students will be placed in an age appropriate grade based on District policy.

Promotion and retention of ELs must follow District, State, and Federal regulations, and procedures must align with District guidelines. An EL may not be retained in a grade based solely on his/her lack of English proficiency. [3]

Students shall be reclassified or exited from their EL status in accordance with District required criteria as specified in State law with notification made to families in their preferred language. [3][10]

1 Administrative procedures are specified in “EL Identification and Program Enrollment” & “Reclassification Criteria and Monitoring Former ELs” sections of the [English Learners Program Handbook](#).
All students identified as English Learner (EL) students will be provided an asset-based Language Instruction Educational Program (LIEP), which values students’ linguistic and cultural resources, is grounded in effective research-based theory, and allows students to draw from their entire linguistic repertoire, including languages other than English. Curriculum in language and grade/content areas shall be standards-based and modified as appropriate for ELs. In all language programs, students’ home languages and cultures, as well as their educational experiences from the home country and family, shall be valued as a strong foundation for the acquisition of another language not limited to students participating in a designated Bilingual Education program. [3]

The LIEP must include either Bilingual or English as a Second Language program components. Both Bilingual Education and ESL programs shall be aligned to the core instructional program and utilize certified teaching personnel to ensure that ELs are afforded the full opportunity to master the essential knowledge and skills of the core curriculum. Staff will incorporate all appropriate modifications, interventions and accommodations into instruction and assessment to allow ELs meaningful access to the general curriculum and to promote language and grade-appropriate content learning. Programs shall draw from students’ linguistic and cultural resources and shall be assessed based on progress towards proficiency and achievement in core subjects and skills including math, reading, science and social studies. [3]

Bilingual and ESL programs must meet or exceed minimum State requirements and include instructional strategies and/or curriculum which integrates language and content instruction that is culturally competent, scaffolded and aligned with state and national standards. Instruction must be “high challenge with high support” to ensure access to the core curriculum. ESL and non-ESL teachers, including grade or content teachers, will be provided with opportunities to plan instruction collaboratively to ensure academic language development and access to grade-level content for all ELs including newcomer students. [3]

Bilingual Education programs will include language and literacy instruction in both English and the additional language and shall promote bilingualism, biliteracy, and biculturalism for all students. Language and literacy proficiency, including reading proficiency, must be formally tracked and recorded for both English and the additional language in District-issued report cards for students in bilingual programs. Teachers and administrators shall be provided consistent and appropriate preparation and professional development opportunities in order to effectively implement and sustain Bilingual Educations programs and must be certified with appropriate content or grade.

2 Administrative procedures are specified in the “Language Instruction Educational Program (LIEP) Implementation” section of the English Learners Program Handbook.

3 This is a core principle of the Quality Teaching for English Learners (QTEL) Framework developed by Aida Walqui and Leo van Lier. The principle maintains that content/academic rigor is not simplified for English Learners. Instead, language activities and tasks are purposefully selected to make the content accessible and engaging to English Learners.
certification and able to provide instruction in the additional language as demonstrated by the District’s screening process. [3]

ESL Education Programs must include English Language Development (ELD) instruction delivered by ESL certified teachers with appropriate content or grade certification in alignment with State requirements. ELD must be incorporated into all classes taught by ESL and non-ESL certified teachers, including grade and/or content teachers, in which ELs are enrolled. All teachers of ELs are responsible for deliberately planning for, and incorporating language instruction, as well as appropriate supports, modifications, interventions, and accommodations needed to allow ELs to fully access course standards and curriculum. ELD instruction by ESL and non-ESL teachers shall promote the use of students’ home language skills and culture to support and enhance learning and development of core content, skills and knowledge. ELD instruction by ESL and non-ESL grade / content teachers and administrators will be supported through consistent and research-based supplemental education and professional development opportunities in order to effectively implement and sustain effective ESL programs. [3]

**Equitable Access**

EL students, at all levels of language proficiency, shall be required, with accommodations, to participate in assessments, as appropriate, and meet established academic standards and graduation requirements. [9][10][11][14][15][16][17][18][19][20][21]

Pursuant to establishing a positive and safe school environment for all students, District policies apply to all students, regardless of immigration status, especially, but not limited to Bullying and Harassment Policies 248 and 249; Multiracial, Multicultural, Gender Education Policy 102; Nondiscrimination in Classroom Policy 103; Homeless Students Policy 251; Transgender and Gender Nonconforming Students Policy 252.

Students shall have equitable access to and be encouraged to participate in all academic programs, including Career and Technical Education and special admission / magnet schools and programs, and extracurricular activities and programs available to district students. Students shall be assisted by persons knowledgeable about district schools and programs to consider a range of programs and to obtain the accommodations and supports needed for the student to be successful, including modifications. Families shall receive guidance in a language they understand. Students may not be excluded on the basis of admission criteria if they can participate successfully, given reasonable accommodations. [22][23][24][25]

EL students in all settings, including alternative placements, newcomers programs, special admission / magnet, city-wide admission, Career and Technical Education (CTE), and students with an Individualized Education Plan (IEP), Gifted Individualized Education Plan (GIEP), 504 plan, or students in schools with low EL enrollment, are

entitled to equitable access to language development instruction and resources. [3][22][23][24][25]

EL students are eligible for Individualized Education Programs (IEP), 504 Plans and/or Gifted Education Programs (GIEP), and shall be identified in accordance with law, regulations and District policy. The District shall ensure that assessment of a student for individualized and gifted education services includes consideration of intervening factors, such as English proficiency, that may be interfering with school officials’ ability to identify various learning abilities.[13] [5][12]

Students’ language proficiency or EL status cannot be grounds for denying or delaying evaluation to determine eligibility for special education services. ELs may be eligible for special education services when they have been identified as a student with a disability and it is determined that the disability is not solely due to lack of instruction or proficiency in the English language. An evaluation for an EL student must be conducted in a language the student understands to accurately assess eligibility with bilingual evaluations conducted when feasible in accordance with state and federal laws. Parents / guardians shall be consistently and equitably offered the District’s interpretation and translation services to ensure meaningful participation in the special education process. [3][5][12]

EL students who are eligible for specialized education services shall continue receiving ESL / Bilingual Education instruction in accordance with their Individualized Education Program (IEP), Gifted Individualized Education Plan (GIEP), or 504 Plan at the appropriate language proficiency and developmental level, and with regular input and monitoring from an ESL specialist or trained designee.[5][12][13]

Students who are ELs may remain in high school through their 21st birthday regardless of credit attainment. Students who do not finish high school by the age of 21 are eligible for alternative education programs with ELD and content classes deemed appropriate and necessary to enable the student to obtain a high school diploma.

Evaluation & Accountability

The District’s plan for ELs, including ESL and Bilingual Education programs, professional development offerings, and curriculum and instruction shall be regularly evaluated with asset-based approaches by District offices, superintendents and school based administrators with input from students, parents / families, and community stakeholders, at least once every three years, to ensure all components are aligned, implemented and working effectively to facilitate the acquisition of the English language and achievement of academic standards, and shall be revised when necessary to ensure greater student achievement. [9][10][11]

---

Administrative procedures are specified in the “Program Evaluation” section of the English Learners Program Handbook.
Students who are ELs must be assessed annually with Pennsylvania’s state adopted English Language Development assessment. [3] Individual schools and the ESL Program shall collect and disaggregate data based on student progress as reported to inform district and school-based planning, including school improvement planning. [5][12]

*Parent, Family, and Community Engagement*[^6]

In order to ensure meaningful participation, parents / guardians whose dominant language is not English shall be offered appropriate interpretation and translation services by the District. These services, including training for families in how to be involved in a student’s education and removing barriers to family involvement, shall be provided by trained professionals. The District will ensure sufficient training of staff to ensure language access for all families. [1][3]

School administrators must maintain a record of the family’s primary home language and ensure that meaningful opportunities for participation are provided in a language that the parents / guardians understand. [1][3]

The District shall maintain clear, comprehensive, and reliable means of outreach, including web-based, that is not solely reliant upon parents / families coming to a school building, to ensure community stakeholder and parental / family involvement in the education of their children. The program(s) designed for outreach to parents will be carefully monitored and evaluated by the Superintendent or designee and school-based administration in accordance with the Pennsylvania Department of Education and United States federal standards, for effectiveness.[3][9][10]

Annual meetings will be convened by appropriate District administrators for community stakeholders, District offices and interested educators and families to monitor and review Policy 138.
