**Group Discussion**

**1) How can we improve public education?**

We believe that all students should receive an education that allows them to thrive, succeed & lead in a global society! What should we invest in to ensure this happens?

**2) How can we improve public education?**

We want every school to be a safe, welcoming and healthy place where our students, staff and community want to be & where our students learn, thrive and succeed! What should we prioritize to make this happen?
