## BECOME THE TEACHER YOU WISH YOU HAD.

Find out what it takes to be an educator activist. Register today for the Junior Servant Leadership 2020 Workshop Series. What you discover—or who you meet—may just change your life, and quite possibly the lives of countless others.

Learn from best-in-field educators, and from one another, in safe spaces that challenge us all to advance educational equity and teacher diversity.

Workshops held every Wednesday 9 a.m. starting November 4, 2020.

Workshops are all online and free.

All students who complete workshops get priority for one of next summer's Freedom Schools Literacy Academy Junior Servant Leader faculty positions.
