Andrew Lukov, Principal
Natalie McHugh, AP

Dear Southwark Families,

We are working hard to prepare for the new school year which begins 100% virtual on September 2, 2020. It is our commitment to provide you with up-to-date, relevant, and important information that you need to make appropriate preparations for the new school year.

This week, we will be providing updates on the following topics:

- Identifying your child's teacher(s)/homeroom teacher
- Student academic schedules for virtual learning
- Information for incoming Kindergarten families
- Chromebook distribution information for Kindergarten families and families who still require one
- Consumable distribution information for Reading and Math workbooks
- School supply distribution information for families
- Family workshops for virtual learning
- Information on Social/Emotional Supports for students and families

We will work together to get our students ready for the 2020-2021 school year!

Sincerely,

Andrew Lukov & Natalie McHugh
