South Philadelphia High School's Anti-Discrimination and Anti-Harassment Policy

The students and staff at South Philadelphia High School ("SPHS") come from varied backgrounds. Respect for different backgrounds is essential to a school community. All students and staff are reminded that students are prohibited from harassing and discriminating against other students on school grounds, school buses and at all school sponsored activities, programs and events on the basis of race, color, national origin (includes groups of persons of common ancestry, heritage, background, or students from the same country), ethnicity, religion, gender, gender identity, sexual orientation or disability. This policy and procedure addresses only harassment or discrimination by students against other students. Misconduct by teachers against students should be promptly reported pursuant to the Student Handbook. The School District of Philadelphia Code of Student Conduct prohibits harassing or discriminatory conduct, subject to appropriate discipline. All forms of harassment/discrimination are prohibited at SPHS.

1. DEFINITION OF HARASSMENT
What constitutes discriminatory or harassing behavior under this policy? Prohibited conduct includes, but is not limited to the following:
- threatening or harassing, intimidating or physically assaulting another student because of his or her race, color, ethnicity, national origin, religion, gender, gender identity, sexual orientation, or disability;
- using derogatory language in reference to another student's race, color, ethnicity, national origin, religion, gender, gender identity, sexual orientation, or disability;
- teasing or taunting another student because of his or her race, color, ethnicity, national origin, religion, gender, gender identity, sexual orientation, or disability.

Examples of conduct which may constitute harassment under this policy include but are not limited to the following:
- writing graffiti containing offensive language which is derogatory to others because of their race, color, national origin, religion, gender, gender identity, sexual orientation, or disability;
- making derogatory jokes or name-calling or slurs directed at others because of their race, color, national origin, religion, gender, gender identity, sexual orientation, or disability;
- negative stereotypes or hostile acts which are derogatory to others because of their race, color, national origin, religion, gender, gender identity, sexual orientation, or disability;
- written or graphic material containing comments or stereotypes which are derogatory to others because of their race, color, national origin, religion, gender, gender identity, sexual orientation, or disability.
2. DESIGNATION OF SPHS STAFF MEMBER
Antonio Anderson, Climate Manager, is responsible for receiving and investigating complaints of discriminatory or harassing behavior against students by other students.

The designation of the SPHS staff member responsible to receive and investigate complaints of harassment will be made available to all staff and students on an annual basis at the beginning of each school year. The name of the designated staff member will be posted for students in the guidance office, near the main office, and in the cafeteria by the first day of the school year.

3. PROCEDURES FOR REPORTING HARASSMENT
Students who believe that they have been the victim of discriminatory behavior by another student, and all students with knowledge of such behavior, are encouraged to report it immediately to school staff.

Complaints of discrimination or harassment can be submitted in writing or orally to Mr. Anderson, or to any other staff.

Complaints should be reported as soon as possible after the incident(s) in order to be effectively investigated and resolved.

In addition to Mr. Anderson, students may also report incidents to any staff member including, but not limited to, teachers, guidance counselors, coaches, administrators, climate managers and/or school police or security staff.
Staff members are obligated to report promptly to Mr. Anderson: (1) complaints of harassment they receive, and (2) incidents of harassment that they witness or have reason to believe occurred. Staff members must report such incidents to Mr. Anderson later than one school day after the staff member receives the complaint or witnesses or has reason to believe such an incident occurred. Staff members are required to take reasonable steps to stop any harassment that they witness unless the staff member believes in good faith that such action would pose a risk to his or her safety and/or the safety of others.

Mr. Anderson shall use authorized interpretation services at SPHS to assist students who are unable to communicate in English to communicate their complaints in a language the student understands. Students may also submit written complaints in any language.
4. INVESTIGATION OF HARASSMENT
Instances of student-on-student harassment shall be investigated as follows:
SPHS will promptly investigate and address all complaints of discrimination or harassment. The designated staff member is responsible for investigating the complaint.

As soon as practicable, but not later than fourteen days following receipt of the complaint, the designated staff member must conduct an investigation of the complaint which should include the following steps to the extent appropriate:

a. Interview the alleged victim and document the conversation.
b. Ask the alleged victim to prepare a written statement which includes as much detail as possible, including a description of the behavior, when it took place and who may have witnessed it.
c. Interview the accused student and advise him/her that if the conduct has in fact occurred it must cease immediately.
d. Ask the accused student to prepare a written statement.
e. Separately interview appropriate witnesses and obtain their written statements.

In determining whether alleged conduct constitutes a violation of this policy, the staff member investigating the complaint should consider the surrounding circumstances, the nature of the behavior, any past incidents, the relationship between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

At the conclusion of the investigation, the designated staff member will make a written determination whether the conduct occurred and whether the conduct constitutes harassment or discrimination, and shall complete the Student-on–Student Harassment Complaint Report.

The completed report should be referred to the principal or his designee for appropriate disciplinary action.

5. RESPONSE TO INSTANCES OF HARASSMENT
Students who have been found to have violated the SPHS Anti-Discrimination and Anti-Harassment Policy will receive appropriate corrective remedial action which may include disciplinary action pursuant to the Code of Student Conduct.

SPHS will offer appropriate counseling services by school guidance counselors to victims of harassment and to the accused student, if appropriate. Counseling sessions will include appropriate translation and/or interpretation services. As soon as practicable after a complaint is made, SPHS will use reasonable efforts to contact the parents of victims and the accused students to notify them of a harassment complaint. Notification shall be made not later than three (3) days after the investigation determines that the anti-harassment policy has been violated. If requested, the Principal or his designee shall promptly meet with all victims of harassment. SPHS will use authorized interpretation services to communicate with parents when necessary. The principal or his designee shall report to the School District compliance officer all complaints of student-on-student harassment that may be based on race, color and/or national origin within ten (10) days of the receipt of the complaint. The principal or his designee may report to the Philadelphia Police Department any incidents that he or she believes involves criminal conduct within 72 hours of the report of the incident.
6. CONFIDENTIALITY
It is SPHS policy to respect the privacy and anonymity of all parties and witnesses to complaints brought under this policy. However, the need for confidentiality must be balanced against the obligation to cooperate with police investigations, to provide due process to the accused or to take necessary action to resolve the complaint. Therefore information regarding the complaint may be disclosed in appropriate circumstances to individuals with the need to know.

7. RETALIATION
Retaliation under this policy is defined as: adverse action against either a student or staff member because they reported or participated in an investigation of an alleged incident of discrimination or harassment on the basis of race, color, or national origin. Retaliation against a student, teacher or school employee is prohibited and will be subject to appropriate discipline. Student complaints of retaliation may be addressed to Principal Otis Hackney. Staff may make complaints to Principal Otis Hackney.

8. Any student or parent who has a complaint concerning the school’s response to a complaint of student-on-student harassment may report the matter to General Counsel Michael A. Davis by calling 215-400-5144.

SDP BULLYING POLICY

(Adopted by the SRC on December 17, 2008)

Resolved, that the School Reform Commission hereby adopts the attached primary Policy on Bullying and its prevention/intervention in order to ensure compliance with HB 1067 (PA), amending "Article XIII-A Safe Schools" in the Pennsylvania School Code of 1949, that requires each school entity to adopt a policy relating to bullying.

The School Reform Commission (SRC) is committed to providing a safe, positive learning environment for district students. The SRC recognizes the negative impact that bullying has on student health, welfare, and safety and on the learning environment at school. The SRC recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. The SRC prohibits bullying by district students and personnel.

**Definition:**

Bullying is characterized by the following three (3) criteria:

- It is aggressive behavior or intentional harm doing.
- It is carried out repeatedly over time.
- It occurs within an interpersonal relationship where there is an imbalance of power (e.g. one person is physically larger, stronger, mentally quicker or socially more powerful).

Bullying, as defined in this policy, refers to direct or indirect action, which may include but is not limited to:

- **Physical:** hitting, kicking, pushing, shoving, getting another person to hurt someone;
- **Verbal:** racial slurs, name-calling, teasing, taunting, verbal sexual harassment, gossiping, spreading rumor;
- **Non-Verbal:** threatening, obscene gestures, isolation, exclusion, stalking, cyber-bullying (bullying that occurs by use of electronic or communication devices through means of email, instant messaging, text messages, blogs, photo and video sharing, chat rooms, bash boards, or websites)

Bullying is the intentionally harmful (electronic, written, verbal, non-verbal, psychological or physical) act or series of acts that is directed at another person, in and/or outside of a school setting or using school property and is severe, persistent, or pervasive and has the effect of doing the following:

1. Substantial interference with a student’s education
2. Creation of a threatening environment
3. Substantial disruption of the orderly operation of the school

School setting means in the school, on school grounds, in school vehicles, at a designated school bus stop or at any activity sponsored, supervised or sanctioned by the school. School property means the school computer or telephone.

**Authority:**

The SRC prohibits all forms of bullying.

The SRC encourages students who have been bullied or witnesses bullying to immediately report such incidents to the building administrator or manager of non-instructional support services. If there is no response, the target of such acts is encouraged to report the incident to the regional office and the district’s bullying hotline (215-400-SAFE). BULLYING HOTLINE
The SRC directs that complaints of bullying shall be investigated promptly and thoroughly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district’s legal and investigative obligations. No reprisals or retaliation shall occur as a result of good faith reports of bullying.

**Delegation for Responsibility:**

Each adult and student shall be responsible to respect the rights of others and to ensure an atmosphere that is conducive to learning and free from bullying.

The Superintendent (or designee) shall develop administrative regulations to implement this policy.

The Superintendent (or designee) shall ensure that this policy and administrative regulations are reviewed annually with staff, students, and parents.

The Superintendent (or designee), in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the SRC.

District administration shall annually provide the following information with the Safe School Report:

1. SRC’s Bullying Policy
2. Report of bullying incidents
3. Information on the development and implementation of any and all research-based bullying prevention and intervention programs.

**Guideline:**

The Student Code of Conduct, which shall contain this policy, shall be disseminated annually to students.

This policy shall be accessible in every classroom. The policy shall be posted in a prominent location within each school building and on the district website.

This policy will be reviewed with every district student within 90 days after the adoption by the SRC, and annually on the first day of school thereafter.

**Education:**

The district shall implement research-based bullying prevention and intervention programs. Such programs shall provide training for district staff for effectively responding to, intervening in and reporting incidents of bullying.

All district bullying prevention and intervention efforts shall be aligned with the framework of the research-based Blueprint Olweus Bullying Prevention Program and shall be approved by the district’s Bullying Prevention Coordinator in the Office of School Climate and Safety.

**Consequences for Violations:**

Upon receipt of a complaint of bullying, the principal or manager of non-instructional support services shall meet with the student(s) who is bullied and student(s) who bullies separately, starting with the student(s) who is bullied, and investigate the reported allegations.
If the allegations are confirmed, the principal or manager of non-instructional support services shall do the following:

1. Inform the student who bullies the results of the investigation
2. Review the definition of bullying and the district’s policy on bullying
3. Give the consequences for the behavior relative to the number of offenses and the severity of the behavior.
4. Notify the parents of the student(s) who bullies, including the actions of the student and the consequences.

A student who violates this policy shall be subject to the following disciplinary procedure:

- **First Offense:** Documented warning and parent notification
- **Second Offense:** Parent conference, loss of school privileges, exclusion from school-sponsored activities, detention, or counseling within the school
- **Third Offense:** Suspension or transfer to another classroom, school building or school bus

Depending on the severity of the incident, cases of bullying may immediately warrant the disciplinary actions of a third offense and may result in expulsion and/or referral to law enforcement officials.

These lists will be displayed in recognition of student academic achievements. At the end of each semester, those students who have achieved perfect attendance (no absences and no lateness) will be honored also. To be honored, students must have no “3”s in behavior, acceptable attendance is also required.

HOMEWORK POLICY

It is the policy of the South Philadelphia high school that teachers should assign homework. Homework is an important extension of the instructional program.

PURPOSE OF HOMEWORK

● Strengthen basic skills
● Extend classroom learning
● Reinforce study habits
● Stimulate independent thinking
● Develop initiative, responsibility and self-direction
● Increase range and scope of interests
● Foster worthwhile use of leisure time

Academic Integrity

A learning environment is based on trust, honesty, and integrity. Any form of academic dishonesty that violates or devalues the educational process is unacceptable and will not be tolerated. Violations against academic honesty include but are not limited to copying and submitting another’s homework as one’s own as well as cheating on an essay, paper, quiz or test. Cheating is defined as obtaining or giving information that assists one’s own or another’s performance. This includes activities that take place both in and out of the classroom.

The writing of a paper is an important aspect of the educational process. To avoid plagiarism in any work, all ideas gained from research and sources must be cited. Plagiarism may be as blatant as direct copying of quotations or whole papers. It is important to document all sources of information in your bibliography and to “footnote” where necessary. **Plagiarized work will be given a failing grade for the assignment.**
The Parents, students, and staff of Southern High School partnered together to develop this school-parent compact for achievement. Teachers suggested home learning strategies, parents added input about the types of support they needed, and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held in the Spring each year to review the compact and make suggestions based on student needs and school improvement goals. Parents are also encouraged to participate in the School Family Engagement survey that is also used as a tool to collect parent feedback regarding the current Title I programs, policies and family engagement.

To understand how working together can benefit your child, it is first important to understand the district’s and school’s goals for student academic achievement.
