

OFFICE OF STRATEGIC PARTNERSHIPS

Key Functions:

- ▶ Assist schools in **identifying key need areas** where partners can provide support
- ▶ Support partnership coordination in schools by **developing tools**
- ▶ **Connect schools with partners** that match their needs
- ▶ Serve as a **liaison between partners, schools, and departments** within the District's central office
- ▶ Guide schools and partners through processes for **becoming an approved School Partner** (Our Onboarding Guide is super helpful!)
- ▶ Help organizations align their programs to **school priorities and District anchor goals**

Contact our office at partnerships@philasd.org with partnership coordination and management ideas and/or questions!

Our Data and Process:

1. Each spring, we send the **School Support Census** to school leadership for a report of **current school supports and needs**.
2. Principals and Partnership Coordinators should prepare for the survey by **maintaining a comprehensive and current list of partners and other external support providers** in their school.
3. We use the Census data when **matching partner resources and opportunities** that come directly to our office.
