Site-Specific Collaboration Plan 2019-20

All partner programs operating in School District of Philadelphia (“the District”) schools must have a legal agreement (e.g. School Partner Agreement, Memorandum of Understanding, etc.) in place covering their work in schools. In addition to the binding legal agreement with the District, we encourage partners to develop a Site-Specific Collaboration Plan (“Collaboration Plan”) with each school they are partnering with.

Communicating regularly is one of the major keys to establishing and sustaining strong partnerships that benefit all involved. The Collaboration Plan is an opportunity for school staff and partner to establish a shared vision for the partnership and clarify partner and school expectations.

The Collaboration Plan covers a number of topics that are important for programs and schools to discuss, including: program schedule, goals of the school and program, space(s) required, etc. We encourage you to keep a copy on file and revisit it regularly throughout the year to ensure that your program and the school continue to be on the same page. The Collaboration Plan may be updated at any time by mutual agreement.

For avoidance of doubt, this Site-Specific Collaboration Plan is not legally binding and subject to: 1) the terms of the legal agreement between the District and the partner, and 2) District policies regarding the use of District facilities.

Please be advised that the District requires that all external organizations that utilize building space register in the District’s use of facilities system, so we advise that all programs complete this plan with the school principal prior to submitting a facilities request.
