Washington, Martha	K-8	39	WATCH

**Legend:**

Citywide School (CW): schools within the Philadelphia School District that do not have an attendance boundary and can accept students from any part of Philadelphia. Admission to a citywide school is based on the submission of an application and the outcome of computerized lottery. Admittance in these schools are also subject to space availability.

Special Admission School (SA): schools within the Philadelphia School District that do not have an attendance boundary and can accept students from any part of Philadelphia. Special admission schools are magnet programs that require an application as well as students meeting established criteria in order to gain admittance. Admittance in these schools are also subject to space availability.

*\*The School Progress Report (SPR): is an innovative tool designed to help us support, respond to, and improve our schools.*

*The SPR reflects our core belief that all students deserve to attend great schools and that we must hold ourselves to a standard of equitable educational excellence. The SPR enables us to both see whether we are meeting this standard, and to track progress and growth of students against the District’s anchor goals.*
