Mission & Approach to Learning:
As we move towards the future, our mission is to prepare and motivate empowered students with perseverance and a desire to succeed. We will establish an inclusive environment that emphasizes academic excellence and community service in order to support our students as they become responsible, successful citizens in our global society.

Our approach to learning is guided by the belief that all students:
- can realize and fulfill their learning potential, thereby closing the achievement gap.
- will be educated in a safe and orderly environment.
- will learn collaboratively, according to individual needs through a rigorous and relevant College and Career Ready Standards Curriculum.
- will be inspired by caring role models who are passionate and committed to Kensington students and the school’s mission.

Points of Pride:
We are proud of the “tiger” spirit that has helped us achieve:
- Full accreditation by the Middle States Commission on Elementary and Secondary Schools.
- Continuing education placement for our graduates at: Community College of Philadelphia; Penn State, Main Campus, Berks, Abington, Schuylkill; Temple University; East Stroudsburg; West Chester; Connecticut College; Franklin & Marshall; LaSalle University; Indiana University of Pennsylvania; The Art Institute of Philadelphia; and the military and trade schools.
- Committed community partnerships that build students’ career and life skills including Philadelphia Academies, Inc. providing college experiences, internships, interviews, and job opportunities; Philadelphia Youth Network offering paid internship opportunities with major companies.
- Yearly increases in student achievement in Mathematics and English Language Arts.
