“There is no perfect interviewing technique, no ideal hiring method; even the best executives make hiring mistakes. You can only know for certain about a person by working with that person.”

-Jim Collins, Good to Great

We believe in the sustained empowerment of teacher leaders through ongoing development and strategic support - the impact of which strengthens teachers’ instructional capacity and propels student achievement onward across educational communities.

The folder will only be shared with those who have participated. Please feel free to add resources into THIS folder that you believe would be beneficial for your colleagues to view.
