

ASPIRA Transportation COVID-19 Cleaning Procedures

Prior to students being pick up each morning:

1. The entire bus in the inside will be wiped down with Clorox wipes
2. Will spray the inside of the bus with a disinfectant solution machine.

After dropping off the student at the school, the same procedures will take place mentioned above.

After the afternoon run the same procedures will take place again.

On **Wednesday no school**, all buses will be having a deep cleaning;

1. Sweeping and mopping the buses
2. Cleaning the windows with Windex
3. Wiping down the seats with Clorox wipes
4. Will spray the inside of the bus with a disinfectant solution machine.

The procedures for **Wednesday** will take place on **Friday** after the PM runs.
