

Hello,

While we are working remotely please be aware I am available everyday. In addition to me, Nurse Proctor will be available Wednesday, Thursday, and Friday. I have set up a Google Classroom for which I have attached the link.

If you have any students with medical concerns that need to be handled by the nurse, please give them the link. We will have open hours daily 10:00-1:00. Also, if you have any student that has Covid-19 now or is showing symptoms, please let me know. I can help to get them medical testing and treatment if necessary. On off hours, students or their parents can post questions on our Google Classroom and we will get back to them.

Finally, if there is any medical EMERGENCY during your classes and no adult is available to help the student, please stay on the Classroom to observe the child, but also call 911. There was a student that had a medical emergency yesterday and luckily his parent was home to assist him. If you have any questions at all, please feel free to email me at [pmelloy@philasd.org](mailto:pmelloy@philasd.org). Also I can be reached on my cell phone at 215-666-3434.
